Department Information

- A number is assigned to each department (see index for page number)
- Names of all superintendents are listed
- Scheduled judging times are approximate and will vary depending on the number of entries, so please be patient if your judge is working in other departments
- General rules apply to all departments. Be aware of both general and division specific rules.
- Number of 4-H members enrolled and number of awards are listed per department

Superintendent Responsibilities

1. All superintendents plan to arrive at least 30 minutes prior to the time your department exhibits are to be judged; begin by checking in the exhibits of department superintendents so all superintendents will be ready when exhibitors begin arriving. Superintendents are responsible for their department’s notebook and must accurately record information (the exhibitor’s name, number, and exhibit placing) return to the fair office. **On Tuesday, July 9: Open Class QUILTS superintendents need to arrive at the Mankato Community Center by 9:00 a.m. to check in exhibits, Open Class FOODS and 4-H PHOTOGRAPHY at 9:30 and 4-H FIBER ARTS, FOODS and CLOTHING/FASHION REVUE at 1:00 - all other Quonset department superintendents: arrive by 7:00 a.m. on Thursday, July 11. NOTE change of day.**

2. Make sure to introduce yourself and the department you represent to your judge. Your judge may be judging several departments so check with other department superintendents to become familiar with the judge’s schedule. For questions concerning your department’s judging guidelines, ribbon, or award selection process (if you are unsure, please ask Tonia Underwood). Be sure the judge is aware of the time allowed for judging and as the department superintendent, you are responsible for assuring that all exhibitors are treated courteously and that the entire judging process is conducted in an unbiased manner. Judges may be seated at tables arranged near the center of the commons/Quonset. Superintendents are urged to assist each other to speed up the judging process.

3. As exhibitors arrive, introduce yourself and make them feel welcome. For all departments that are conference judged (youth exhibitor is present when their entry is evaluated by the judge), check that youth have signed the registration sheet. Use the numeric order on the registration sheet as the order in which exhibits are judged. A parent and/or leader may accompany youth for conference judging and youth are encouraged to converse with the judge during conference judging.

4. During the judge’s evaluation, offer to write comments the judge may want to be written, use the section of the entry card that will remain with the exhibit or on comment cards. Be aware of the time and inform the judge if too much time is being taken. Make sure that there is fairness in all aspects of the judging environment.

5. Accurately record the placing for each exhibit in the department notebook and **double-check** that each entry card has the correct placing marked. News releases and premium amounts are based on information recorded in the department notebook. 2-sectional cards are used for entries displayed in the Quonset; attach one section with the ribbon to the exhibit. **Alphabetize the portion marked for office use and turn in this card section with your notebook to the fair office.**

6. When all exhibits have been judged, double-check that all award decisions and selections have been finalized. Also, make sure the judge has completed an expense sheet. If your judge is finished judging and is ready to leave, accompany them to the fair office and have them pick up their check. Please express appreciation to the judge and be sure that any suggestions made by the judge have been written on the evaluation sheet that is in your notebook.

7. Once all exhibits are judged, attractively display all exhibits, making sure that the correct ribbon is securely attached with one section of the entry. Take care that all exhibitors’ names and the ribbons are clearly visible.

8. Comments from everyone who helped in the judging process are valued and evaluation forms are placed in department notebooks for each superintendent to record any comments or suggestions you may have regarding any portion of the judging process. One comment sheet per department is sufficient. Before returning your department notebook to the fair office, double-check that all exhibit placings are recorded, any special recognitions are noted, and that the comment form is in your notebook.

9. Questions and comments will be discussed at the **pre- fair superintendent’s meeting/department set up to be held at the fairgrounds on Tuesday, July 9 at 4:00 p.m.** You will be able to inspect your department area and take care of the setup and arrangement of tables, display boards, show racks, pen locations, minor repairs, painting, dusting, & getting ready for exhibits.

10. One person from each department is to assist with **exhibit check out on Sun. evening, July 14, 4:30-5:30 p.m.** If no one can do this, please let the Extension Office or Fair Office know.

GENERAL FAIR GUIDELINES
Code of Conduct: All exhibitors, volunteers, and spectators participating or attending the Jewell County Fair and related activities represent Kansas 4-H, Kansas FFA, and Jewell County. The Jewell County Fair’s primary audience consists of family and youth. The Jewell County Fair Board, Post Rock Extension Staff, and designated volunteers reserve the right to reject any entry or behavior that may be considered objectionable by that audience.

Parents are responsible for their children at all times including any hours spent associated with any county fair activity located at the county fairgrounds, barns, buildings, or any facility used for county fair activities.

All exhibitors, volunteers, and spectators participating in the 4-H and FFA Department and related activities are expected to follow the Kansas 4-H Code of Conduct. The Code of Conduct can be found at https://www.kansas4-h.org/resources/policy-guide/Kansas%204-H%20Youth%20Code%20of%20Conduct.pdf.

Any 4-H, FFA, Scout, or Open Class project condoning or promoting the use of alcoholic beverages or illegal substances/drugs will not be accepted for exhibit.

No alcoholic or cereal malt beverages or illegal substances/drugs may be consumed or carried on the premises. The only exception is when the Fair Board of Directors have designated an area for individuals of legal age, like the Beer Garden. Violators will be asked to leave the premises. Law enforcement will be contacted when appropriate.

Those who find themselves unable to conduct themselves within the guidelines listed above may expect:
   A. to explain their actions to the adults in charge
   B. to accept the consequences of their actions
   C. to have the adults in charge work closely with parents/guardians, Fair Board of Directors, Post Rock District staff, and others to see that actions taken, in case of unacceptable behavior, are appropriate and logical consequences for all concerned.

1. General Requests and Grievances: The Jewell County Fair Board of Directors are available to address your questions, requests, and general grievances. A request/complaint will be presented at the time of the situation to the head superintendent of that division for a decision. If an appeal is necessary, it must be presented to the superintendent of that division and a Fair Board member in a timely manner. The Fair Board of Directors will consider the appeal, and their decision will be final. Consequences are to be handled on a case-by-case basis.

2. 4-H/FFA Requests and Grievances: The Jewell County 4-H Council has an appointed committee to hear requests and grievances related to the 4-H/FFA department and 4-H/FFA related activities at the Jewell County Fair. A request/complaint will be presented at the time of the situation to the head superintendent of that division for a decision. If an appeal is necessary, it must be presented to the superintendent of that division and a Post Rock District Staff Member (i.e. the 4-H Program Coordinator) in a timely manner. The committee will meet to consider the appeal, and their decision will be final. Consequences are to be handled on a case-by-case basis.

3. Participate at Your Own Risk: The Jewell County Fair Board of Directors, Post Rock District staff, fair volunteers and superintendents, city of Mankato, or Jewell County Commission will not assume any responsibility for any type of loss or accident associated with any county fair activities or events.

If property owners or others desire protection for injury or damage from a fire or other causes, arrangement, and payment for such insurance is the responsibility of those individuals.

4. Participation: All project requirements and deadlines as defined by Post Rock District, Jewell County 4-H Council, and Jewell County Fairboard must be met.
   A. Entry cards/designated entry forms are required for all exhibits and contests.
   B. Violation of any established regulation will result in forfeiture of any prize, ribbon, and premium.
   C. Any exhibit entered late may be dropped one ribbon placing or may not even be judged per superintendent discretion on a case-by-case basis.

If you want to stay – you have to pay! Campers/RVs using electricity and water will need to pay a fee for staying on the fairgrounds. Please see Lesa Peroutek for more information.
4-H / FFA General Regulations

1. **K-State Research and Extension**: 4-H is a program of K-State Research and Extension (KSRE) which is part of Kansas State University. Rules and guidelines for the 4-H Division and 4-H related activities at the fair are governed by the K-State Research and Extension Post Rock District Board, giving Post Rock District Staff and approved volunteers enforcement authority. They strive to align the 4-H Division with K-State Research and Extension and Kansas 4-H policies and practices.

2. **4-H Exhibitors**: Only Kansas 4-H members enrolled in Jewell County are eligible to compete in the 4-H/FFA Department. Each 4-H youth must be fully approved in 4-H Online. Enrollment deadline is May 1 of the current 4-H year.

3. **FFA Exhibitors**: FFA members enrolled in the Rock Hills FFA Chapter may participate in the 4-H/FFA Department. FFA members must have paid current annual membership dues to the chapter and they must fall within the Kansas 4-H membership age-range to be eligible. A youth can exhibit as a 4-H and FFA member at the same county fair; however, for each project area, they can only represent one organization with their exhibits at that particular county fair. In the event a 4-H member is enrolled in a county different than where their FFA chapter participates, the youth may participate in both counties so long as the project exhibits are completely different in each county (different animals verified, different woodworking/ag mechanic exhibits for each 4-H and FFA experience). If the counties involved extend beyond Post Rock District’s region, the expectations of both local units must be met and participation pre-approved by the respective units working with the units’ 4-H Youth Development Agents for approval. FFA participation must align with project areas directly relating to the agriculture education experience (i.e. livestock, ag mechanics, woodworking, plant science). It is expected for the FFA Chapter and members to contribute as volunteers and assist with fundraising which benefits the experiences they engage in (i.e. county fair awards, judging boosters, superintendents). FFA members are to enroll with Post Rock District – Mankato Office. The annual Kansas 4-H participation fee will be waived, yet the enrollment will assist with project communication and fair deadlines. All 4-H participation deadlines will apply to FFA Chapters and members, including but not limited to tagging and verification expectations, weigh-ins, project drop/add deadlines, fair entry deadlines and fees, dress code, code of conduct, etc.

4. **Project Drop/Add Deadline**: Members must be enrolled in the project in which they wish to exhibit. The project enrollment, drop/add deadline is May 1 of the current year. All project requirements and deadlines as defined by Post Rock District, Jewell County 4-H Council, and Jewell County Fair Board must be met.

5. **Age Divisions**: 4-H/FFA Age Divisions: J = junior (7-12 years), S = senior (13 and older). Exception for clothing and fashion revue: J = 7-13, S = 14 and older.

6. **Exhibits**: Exhibits must be entered by a member, except in case of a family emergency or if a youth is attending a 4-H/FFA activity. Exceptions must be requested in advance to the department superintendent or fair staff.

7. **Equal Opportunity and Accessibility**: K-State Research and Extension is committed to providing equal opportunity for participation in all programs, services, and activities. Program information may be available in languages other than English. Reasonable accommodations for persons with disabilities, including alternative means for communication (e.g., Braille, large print, audiotape, and American Sign Language) may be requested by contacting the event contact Post Rock District office four weeks prior to the start of the fair or pre-fair event at 785-378-3174. Requests received after this date will be honored when it is feasible to do so. Language access services, such as interpretation or translation of vital information will be provided free of charge to limited English proficient individuals upon request. K-State Research and Extension is an equal opportunity provider and employer.

8. **Exhibits**: Exhibits are entered and displayed at the risk of the exhibitor. Due care will be exercised to protect them, but the hazards of the fair should be considered when selecting exhibits.

9. **Project Ownership for County Fair Participation**: The Post Rock District Board believes that for high-quality project learning to take place through 4-H, projects (animals and non-animals) should be owned by May 1 of the current year. All exhibits entered in the 4-H/FFA division of the county fair must be the handiwork of the exhibitor; the grower, where agricultural exhibits are shown; and the owner and feeder, where livestock is entered. All exhibits entered in the 4-H/FFA division of the county fair must be the result of the current program year’s work. Ownership is defined so that the project (animal, garden, crop, exhibit creation, sewing, photo, etc.) is under the daily care and supervision of the member; all project-related practices, expenses, and management are the responsibility of the member; and all county fair exhibits should be a planned part of the project.

10. **Animal and Non-Animal Project Verification**: The Post Rock District Staff or 4-H Councils do not require verification of project ownership by May 1 for animals or non-animal project exhibits; however, refer to the Project Ownership for County Fair Participation section above for emphasis on learning value. Each 4-H Council is to designate a pre-fair entry deadline. The pre-fair deadline is when all project exhibits must be designated for the class which they will be shown in at the county fair. Entries can be dropped, but not added after the pre-fair deadline. Any project areas not required by 4-H Council to meet the pre-fair deadline will submit entry requirements at the project’s fair check-in time. The 4-H Council will have an exhibit entry card or form designated which will be used to meet the entry requirements for each project area. This will be used to describe the exhibit and articulate the class of the exhibition. Refer to the project area in this fair book for the specific requirements related to your project areas. The Jewell County 4-H/FFA Division's pre-fair deadline is June 20, 2024.

11. **Fair Clean Up and Set Up**: All 4-H/FFA participants must work at fair set-up & clean-up to receive your premium ribbon money.
12. **4-H Food Stand**: The 4-H food stand is the primary fundraiser for the 4-H Council.
   
   A. All members 8 and older must work at least one food stand shift (2 shifts are preferred) to receive your fair premiums. Exceptions must be approved by the extension office.
   
   B. Work schedules are chosen by the 4-H families. The signup process will be emailed to families.

13. **Copyright**: Exhibitors (individuals or groups) must avoid using copyrighted materials whenever possible by originating his or her own work. A member or group should use with caution, a copyrighted and/or trademarked product or service (a brand name, label, or product); the intent of using the copyright or trade-mark materials for educational purposes such as an exhibit, educational poster/display or public presentation is acceptable under the “fair use” (legal use) provision. “Fair use” is a provision of the current copyright law that allows reproduction without payment or permission of limited portions of a copyrighted work for educational and other public interest purposes. Copyright and trademark are legal methods used by writers, artists, corporations, and others to protect their original work. Protected items may range from books to music, logos to computer graphics. Copyrighted and/or trademarked materials utilized in banners, displays, demonstrations, posters, or other activities for endorsement or promotion instead of educational purposes will be disqualified and will not be displayed or receive ribbons or premium.

14. **Fair Packet**: A fair packet will be prepared for each 4-H/FFA family. You will be notified by email when they are available. Pick-up from the Extension Office or through your 4-H Club Leader. Pay close attention to the information included.

15. **Kansas State Fair Entries**: The Jewell County Fair is an official county fair with an approved 4-H/FFA Department. Exhibitors 9 years and older by January 1 of the current year are eligible to exhibit in 4-H at the Kansas State Fair, if an exhibit receives a purple ribbon at the county-level, and there is an appropriate class at the Kansas State Fair. There may be additional exhibit requirements to exhibit at the state fair, so review the Kansas 4-H State Fair Book at https://www.kansas4-h.org/events-activities/fairs/kansas-state-fair. Static project items will be transported to the state fair unless the item is too large to be handled by one person.

**Exhibitors must notify their department superintendent of their intent to exhibit qualified Quonset items at the Kansas State Fair before the end of fair. The superintendent notes this in their department notebook. Additions/changes to your intent to exhibit at the Kansas State Fair must be made at the Extension Office no later than August 2.**

Exhibiting an animal beyond the 4-H/FFA Division at the county fair means that ownership and identification must meet the requirements outlined by the K-State Youth Livestock Program, Kansas State Fair, Kansas Junior Livestock Show, and all other show governing bodies. The member is responsible for understanding the deadlines and expectations involved. It is strongly recommended to contact the Post Rock District office well in advance of May 1 if you are considering showing an animal at the Kansas State Fair, so expectations and processes can be reviewed and met. The Post Rock District and 4-H Councils are not responsible for missed opportunities if a county fair pre-fair or other deadline does not align with another level of exhibition’s requirements.

**4-H/FFA AWARD GUIDELINES**

**Ribbon Identification and Guidelines**

**Grand champion rosette** - dark purple with 2 streamers for all 4-H/FFA departments.

**Reserve grand champion rosette** - light purple with two streamers for all 4-H/FFA departments.

**Champion rosette** - dark purple with one streamer. *(livestock classes only)*

**Reserve champion rosette** - light purple with one streamer *(livestock classes only)*

**Purple, blue, red, white** - 8” in length by 2” in width for all 4-H/FFA departments.

- Ribbons are to be awarded upon the completion of the competition (no ribbon awarded to any exhibit that remains in competition).
- Grand and reserve grand champion rosette ribbons are awarded in 4-H / FFA departments and in each division, if divided into age divisions.
- Champion and reserve champion rosettes are awarded only in livestock classes.

**Department Award Guidelines**

- 4-H/FFA awards are sponsored financially by donors through the fair board.
- Award items are selected by the 4-H Council with similar priced items ($20 avg.) offered to each project area. The exception is the Round Robin where the Fair Board has approved a different award.
- The Extension Office oversees ordering and distributing awards.
- Awards are given to the best exhibit in 4-H/FFA departments, exhibit quality must be deemed worthy at the judge’s discretion.
- An award is given for both the Jr. and Sr. age division if the department has three (3) different enrolled members enter at least one exhibit for fair judging in each age division. Departments with less than this minimum will have one department award, combining Jr. and Sr. age divisions. The enrollment and award information outlined by each department in this fair book is an estimate of what will be given based on 4-H/FFA project enrollment by May 1 of the current year (or at time of fair book printing if it is published before May 1). Not every member enrolled in a project will bring an exhibit to the fair, so award decisions should be based on fair entry numbers.
**LIVESTOCK/ANIMALS GENERAL RULES**

- Awards and donors are announced at the Jewell County Fair Awards Ceremony. Winners are encouraged to be present to be recognized.
- Special awards may be provided to certain classes and divisions. These are on a case-by-case basis from community patrons and are in addition to the general 4-H/FFA awards. The special award donor purchases and provides the award to the Extension Office in advance of the fair. When notice is given, the special award and its requirements will be noted in the fair book under the appropriate department.
- Award winners must select their prize at the fair office by the end of fair.

**Ribbon Premium Guidelines**
Exhibitors will be paid premium money on the basis of ribbons awarded:
- $2.50 - rosettes
- $2.00 - blue
- $1.50 - red
- $1.00 - white
- $2.25 - purple
- $2.00 - blue
- $1.50 - red
- $1.00 - white

**Livestock Premium Sale**
1. The Livestock Premium Sale is Sunday, July 14th at 7:00 p.m. at the Mankato Sale Barn.
2. Buyer payment inquiries need to be directed to Lesa Peroutek, fair board treasurer.
3. The Jewell County Fair Board of Directors governs the Livestock Premium Sale.
4. The sale is for youth 4-H/FFA members only, no open class.
5. Post Rock District is not responsible for the planning and facilitation of a county-level premium auction or project sale, nor serve as the fiscal manager of such an event. Post Rock District will enforce that Kansas 4-H policies and code of conduct are followed at these activities because Post Rock District 4-H members are the target audience of such experiences.
6. **Premium Sale Requirements:** Those interested in participating must have a checked-off and signed form turned in to the Fair Office or Extension Office before Noon on Saturday of the fair. All requirements on the form must be met to be eligible to participate in the sale. The form is posted at [www.postrock.k-state.edu/4-h/county-fairs/jewellfair/](http://www.postrock.k-state.edu/4-h/county-fairs/jewellfair/).
7. **Livestock Sale Premiums:** Livestock exhibitors will receive the amount of money bid at the livestock premium sale. Bidders will pay the fair board, then the board treasurer will distribute the donated money to livestock exhibitors.
8. **Premium Sale Guidelines:**
   - Only market animals may be sold.
   - A youth may sell a total of two (2) animals.

Minimum live weights:
- beef-950#
- poultry-3#
- rabbits-3½#
- sheep-100#
- swine- 220#
- goats- 55#

**4-H/FFA Animal Verification Due June 20:** All animals (ALL SPECIES) are to be properly owned, tagged, and verified with the Post Rock District by the pre-fair deadline. Refer to the 4-H/FFA General Rules and the specific project's department rules for details. All animals complete an entry and identification form instead of the small exhibit cards. The forms are available at [www.postrock.k-state.edu/4-h/county-fairs/jewellfair/](http://www.postrock.k-state.edu/4-h/county-fairs/jewellfair/).

**4-H/FFA Animal Identification:** The Jewell County Fair Board of Directors and Jewell County 4-H Council obtained the 4-H tags for the 4-H/FFA Division. County-level tags are free to the exhibitor. Kansas 4-H EID tag payment is to be remitted to 4-H Council. When a tag is sold, it will be recorded under the immediate family. Do not transfer a 4-H tag to another family. A photo is not required to be turned in once the animal is tagged. Unused tags are to be returned to the Extension Office. If a tag is lost or damaged, work with the local Post Rock District office to replace it. It is strongly recommended all livestock be tagged at the Jewell County weigh-in dates as announced in the 4-H Newsletter.

The following animals will require the designated 4-H tag: market beef, commercial breeding beef, bucket calf, market sheep, commercial breeding sheep, market swine, commercial breeding swine, market goat, commercial breeding goat, dairy cattle, dairy goat, and other species where tagging is determined safe and appropriate. Either ear can be tagged for the county fair. If an animal is a breed registered, a 4-H tag is not required. A copy of the registered animal’s official documentation (i.e. registered heifer) is to be on file at the local Post Rock District office by the pre-fair deadline. Registration papers can be in the member or immediate family name to be accepted. Any animal exhibit with two or more animals (i.e. cow/calf pair) will require verification by a 4-H tag, local farm tag, or registered documentation for the primary animal (cow) and secondary animals will be allowed to have a local farm tag (calf). Animals not requiring a 4-H tag will describe the animal exhibit on the fair entry document which is to be submitted by the pre-fair deadline. Descriptions include breed, sex, name, and special markings. For county-level exhibits in Post Rock District, leg bands are not required for poultry; tattoos are not required for rabbits; identification certificates and level testing are not required for horses.

**Open Class Animal Verification and Identification:** There is no pre-entry for open class animals. Turn in the general animal entry form (not cards) at the vet check-in time. You can find the form at [www.postrock.k-state.edu/4-h/county-fairs/jewellfair/](http://www.postrock.k-state.edu/4-h/county-fairs/jewellfair/).

**Animal Health Requirements:**
1. All animals must be in good health to be exhibited in any division of the fair. Before any animal is permitted to be unloaded, a veterinarian will verify and confirm the health of the animal.
2. Any animal health concerns that arise during the fair will be addressed by the superintendent.
3. A state-approved lab tester must conduct all tests.
4. All livestock originating outside of Kansas must meet Kansas import requirements.
5. After animals are penned, the 4-H/FFA/Open Class owner is responsible for grooming the animal & cleaning the pen(s).

<table>
<thead>
<tr>
<th>All livestock will check with the veterinarian during pre-fair check-in and will remain at the fairgrounds, unless special permission is obtained from the Head Superintendent, Fair Board, and Extension Staff for temporary absence. Penalty is loss of premium. Exception is: open class horses can leave fair grounds after the Horse Show. Pets can leave after the Pets Show.</th>

<tr>
<td>CATTLE: Kansas is recognized as a Brucellosis free state, animals of Kansas origin are not required to be tested for brucellosis; any animal without this status must be tested; Kansas is also recognized as a Tuberculosis free state, cattle and goats originating in Kansas are not required to be tested for Tuberculosis.</td>
</tr>
<tr>
<td>HORSE: All open class horses must have an official health certificate stating the animal is free of any contagious, communicable, or infectious diseases (issued within thirty (30) days of the exhibit).</td>
</tr>
<tr>
<td>POULTRY: All poultry exhibits are tested for pullorum on a rotating basis in Kansas. 2024 is not a required year for testing in Post Rock District.</td>
</tr>
<tr>
<td>SWINE: Animals of Kansas origin are not required to be tested for pseudorabies or brucellosis; any animal without this status must be tested.</td>

General Animal Rules

- It is not acceptable for any coaching to be done from the sidelines during any time an animal is being shown.
- Stalls must be kept clean and orderly at all times and superintendents have the authority to notify any exhibitor when improvement is needed to keep animals, pens, and aisles clean and safe.
- Bedding used for animals is the responsibility of the animal owners.
- All animals that will not be shipped to a locker, may be removed from the fairgrounds following the premium sale on Sunday.
- All pens are to be cleaned when the animals are removed and checked out.
- Animal pens not cleaned before the start of fair cleanup time will be assessed a $10.00 fee by Jewell County Fair Board.
- There will be adult supervision in all livestock barns.
- Animals will remain in their stalls/cages unless being prepared for show, practicing in the arena, showing in their respective classes or being led to water. This is especially important on Friday and Saturday evenings because of the increase in attendance at the fairgrounds.
- Water buckets or tubs will not be left in the stalls. Animals will be either led to water or hand watered.

Fitting and Showing

1. Dress Code: All exhibitors must wear long pants, appropriate shoes – (no sandals, flip flops, open-toe, crocs or heel shoes), and any 4-H/FFA shirt or an official county fair t-shirt (need not be the current year) or appropriate show attire for the horse show.
2. All animals brought to the fair must be tame and safe around people and must have been trained so that youth can handle and move the animal from the barn to the show ring. Any animal deemed unsafe will not be judged.
3. Youth can only show one animal at a time. If youth have more than one animal per class, another Jewell County 4-H /FFA youth may show the second animal. One showman per animal in the ring in all classes.
4. Each exhibitor must care for and groom his or her own animal and may use only the assistance of an immediate family member (mother, father, legal guardian, brother or sister) or another Kansas 4-H member who is an exhibitor at this year’s livestock show. (Kansas State Fair rule)
5. Except in extreme cases and only with the permission of the dept. head supt., may a parent show an animal.
6. Animal is presented in its natural conformation and structure without alteration or modification. Alteration or modification shall be defined to include any surgical, chemical, electrical, or other change for cosmetic purposes, save only branding, tattooing, foot trimming, or dehorning. The act of artificially filling animals internally, which would include stomach pumping, drench tubes, or any other method (per esophagus) is prohibited. Silicone injection or other injection for cosmetic purposes shall be prohibited. Anabolic steroid use shall likewise be prohibited and any animal testing positive for anabolic steroid use shall be presumed to be altered and modified.
7. Electric shear and power blower are permitted to trim or fit. Adhesives, hairspray, shampoo, and hair polish are permitted. Painting or hair additions are not permitted.
8. All market females must be open to show. At check-in, ALL market female entries must be accompanied by a signed health paper from a licensed vet guaranteeing that the entry has been checked open within 30 days of check-in. or the vet may choose to preg check the animal at check-in.

Showmanship Rules

1. Judging of showmanship classes will be done before the animals are judged.
2. Showmanship ages for 4-H/FFA livestock departments: junior (ages 7-12) and senior (age 13 and older); open class ages are youth (18 & younger) and adult (19 and older).
3. Livestock exhibitors will be evaluated on grooming and showmanship techniques.

Showmanship Judging Criteria

Preparation of animal for showing - 50%
1. control of feet 2. trimming of head, ears, hair, horns, etc. 3. washing and cleanliness 4. condition of coat, including gloss, non-objectionable materials

Showing of animal - 50%
5. control of animal by exhibitor 6. poise and coolness of exhibitor 7. ability to stand or move the animal as requested by the judge 8. skill in showing including: • continuous attention, • keeping animal placed to advantage, • being continuously alert
Catch-An-Animal Guidelines
(NOTE: The catch-an-animal event on Family Night at the Fair (Saturday) is sponsored by Paul Pumphrey Memorial.)

▬ Youth must be 12 years or younger on January 1 of the current year.
▬ Youth may not previously have taken this project.
▬ Youth may receive one donated catch-an-animal per species during their eligibility. A monetary equivalent may be received so the family can purchase the animal. Eligible species are swine, sheep, and goat. Contact the Fair Board Treasurer for details.
▬ Catch animals are to be exhibited at next year’s Jewell County Fair 4-H/FFA Division. They are to participate in the early weigh-in for eligibility in daily gain and carcass contests.
▬ Catch animals sold at Premium Sale are not eligible for exhibit in a future show by any youth.

Carcass Competition: Only market animals are eligible for carcass competition. Animals must comply with weigh-in dates to compete. There is an award for the overall champion of the carcass contest in each species.

Daily Gain Competition: Only market animals are eligible for daily gain competition. Any livestock not weighed in and tagged with the county’s official 4-H tag at the designated event are not eligible for the daily gain contest. There is an award for the overall champion of the daily gain contest in each species.

Jewell County Fair Board governs the Catch-an-Animal, Carcass Contest, Daily Gain Contest, and Round Robin.

Open Class and Scouts Award Guidelines
Best of Show rosette - dark purple single streamer ribbon Blue, red, white - 8” in length by 2” in width ribbons

NOTE: Stickers identifying ribbon placing are used for Open Class Quonset exhibits. If a ribbon is desired, visit the fair office. The Scouts department will receive a ribbon.

▷ Ribbons are to be awarded upon the completion of the competition (no ribbon awarded to any exhibit that remains in competition).
▷ Earning a rosette ribbon is possible for every exhibit.
▷ Best of Show rosettes are awarded in all open class and scout departments.
▷ Special awards may be provided to certain classes and divisions. These are on a case-by-case basis from community patrons. The special award donor purchases and provides the award to the Extension Office in advance of the fair. When notice is given, the special award and its requirements will be noted in the fair book under the appropriate department.

DIVISION I - 4-H/FFA
NON-LIVESTOCK

Display / Notebook / Poster Guidelines for all project areas

☐ Select durable materials to withstand county fair conditions
☐ Poster size: maximum size 22” x 30”
☐ Display space: maximum size is a 4' wide x 3' tall tri-fold. No card table displays are allowed.
☐ Notebook: must contain story and other supporting materials but no record sheet should be included. Should be organized in a 3-ring binder.
☐ Copyrighted materials: see general regulations

Judging criteria: 50 points - Information
30 points - General appearance
20 points - Organization

Ribbon placing will be based on evaluation of:
☐ Stopping power
Is the main idea specific?
Is the idea presented clearly, simply, forcefully?

☐ Interest, holding power
Does the exhibit give the observer additional facts in a clear, concise, informative way?

☐ 4-H project application
Is subject matter an effective showcase?

☐ Mechanical power
Correct letter size, pleasing color combination, appropriate symbols, and models?

☐ Personal growth
How much knowledge was gained by the exhibitor, enthusiasm shown, knowledge shared?

☐ Educational value
Is knowledge shared?

1. Exhibits in posters, notebooks, and display boards must contain substantial supporting educational materials.
2. Educational display boards, posters, and notebooks should be creative and showcase details about the knowledge learned in the project during the current 4-H year. Value is placed on youth who can demonstrate how their skills have increased while completing the project. Each exhibit will be judged on uniqueness, creativity, neatness, accuracy of material, knowledge gained, and content.
3. Follow copyright laws, citing all sources of information in a standard notation Sources of information must be cited on the front of your exhibit, including all posters and educational display boards.
4. Exhibitor’s name, Extension Unit, age, and year(s) in project must be tagged or labeled in a prominent location. Exhibit cards are not sufficient as they may be removed or repositioned for display.

PAGE 11
Department 1  Aerospace/Rocketry
Enrollment:  5 jr, 1 sr.  1 overall award
1. All general regulations apply.
2. 2-sectional entry card is required for each exhibit.
3. Members enrolled in this project may exhibit five (5) entries per class completed in current 4-H yr.
4. See page 11: poster, display & notebook criteria.

Description: The Kansas 4-H Stem Rocketry program is designed to allow 4-H members to explore aerospace through rockets of various sizes. Kansas 4-H has adopted the National Association of Rocketry’s rules, regulations, and safety guidelines.

A. Exhibit Information for ALL rocketry categories:
1. All revisions of all forms previously released for the division either undated or dated prior to current year are void for use and new forms must be obtained and used that are dated by the State 4-H Office for the current year. Use of old forms should result in the loss of one ribbon placing for exhibits.
2. Relevant documents may be obtained from County Extension Offices or from www.STEM4KS.com
3. NAR refers to the National Association of Rocketry and its governing board.
4. Tripoli refers to the Tripoli Rocketry Association and governing board.
5. All NAR documents referenced herein can be found at http://www.nar.org.
6. If a fire burn ban is in effect for Jewell County, Kansas, exhibitors are not required to launch their rocket(s). All requirements for the launching of rockets for the fair and the documentation of the launching are suspended for the duration of the ban.

B. Exhibit Definitions for ALL rocketry categories
1. As defined by the National Association of Rocketry (NAR), a scale model is “any model rocket that is a true scale model of an existing or historical guided missile, rocket vehicle, or space vehicle, that has flown under rocket power.” The intent of scale modeling is, according to the NAR, “is to produce an accurate, flying replica of a real rocket powered vehicle that is judged for craftsmanship in construction, finish, and flight performance.” (NAR Model Rocket Sporting Code” 50.1 4-152.1 https://www.nar.org/contest-flying/competition-guide/)
2. Adult supervision is defined as being under the direct supervision of someone 18 years of age or older.
3. For the purposes of Kansas 4-H STEM a mid-powered rocket is defined as a rocket that uses an ‘E’, ‘F’, ‘G’, or equivalent engine for launch. In addition, rockets also qualify for mid-power if they meet any of the following criteria: a. Are 2 inches or greater in diameter (not including fins) and taller than 3 feet (36 inches including fins) and does not use an engine(s) exciding 160.01 Newton seconds of total impulse (an ‘H’ engine equivalent or above). b. The total impulse of all engines used in the rocket is greater than 20.01 Newton seconds and less than 160.01 Newton seconds.
4. For the purposes of Kansas 4-H, a high-powered rocket is defined as a rocket that meets any of the following criteria: a. Weighs more than 3.3125 pounds (53 ounces or 1500 grams) at the time of launch; b. Uses an ‘H’ engine or larger to launch; c. The total impulse of all engines used in the rocket is greater than 160.01 Newton-seconds of thrust; d. Includes any airframe parts of ductile, metal, though, the use of ductile metal is strongly discouraged; e. Models powered by rocket motors not classified as model rocket motors per NFPA 1122, e.g.: i. Average thrust in excess of 80.01 Newtons, ii. Contains in excess of 125 grams of propellant and is limited to only H and I motors, iii. Uses a hybrid motor or a motor designed to emit sparks.
5. High power certification is defined as having successfully completed a certification program for high-powered rocketry through the NAR or Tripoli and maintaining that certification. This applies to all membership levels in the NAR and Tripoli. Specifically the “Formal Participation Procedure” for the “Junior HPR Level 1 Participation Program” as outlined by the NAR and the “Tripoli Mentoring Program (TMP) as outlined by Tripoli.
6. NAR safety codes for launching and construction of all rockets are assumed to be used by all 4-H exhibitors and will be considered during judging.
7. For the purposes of Kansas 4-H, NO rocket may be launched using engines totaling more than an ‘I’ impulse engine or 640 Newton seconds of total thrust.

C. Exhibit Rules for ALL rocketry categories:
Purpose: These rules apply to how rockets are to be displayed at the fair and what those displays should and should not contain. These rules apply to all rockets displayed in the STEM division.
1. 4-H members must be currently enrolled in the 4-H Aerospace/Rocketry program to exhibit in this division.
2. The report that accompanies the rocket must be limited to the 4-H Rocket Exhibit Information Form which is affixed to a 10” x 13” envelope. This envelope should NOT be attached to the rocket stand or rocket. The information form should be signed by the exhibitor. This may be downloaded from www.STEM4KS.com. Any rocket exhibit not including this completed envelope will receive a participation ribbon.
3. Plans (or a photocopy) must be placed inside the envelope. a. This includes original design rockets. b. If a rocket kit has been modified structurally (Which must provide all necessary details to construct an original design rocket),), notations need to be given indicating the changes made, either by notations on the Rocket Exhibit Information Form or by placing notes in the plans. Such modifications require the rocket to be swing-tested and documented to show a stable flight. A different plan scheme, changes/ reduction in decals, and other non-structural changes are not considered modifications and do not need to be documented.
4. One or more photographs of the rocket during construction and at the launch site are required. a. Photographs showing the rocket at the moment of ignition are preferred. b. Photographs must be mounted on one side of 8 1/2” x 11” page(s). c. There must be at least 1 page of photos and no more than 5 pages of photos. d. Include at least one photo showing rocket construction, preferably with the exhibitor included. e. Do not include photos of members catching their rockets as they return to Earth. This is an unsafe practice, and we do not recommend or condone this practice. f. Pictures at the launch site are not required in the event of a burn ban.

5. To exhibit in this division: a. The rocket must have been flown unless a burn ban is in effect. b. Support rods must not extend past the tip of the highest nosecone on the model. This reduces the likelihood of eye pokes. c. Support rods must remain in the upright position, 90 degrees to the display base, and do not angle. Support rods may be angled if the rocket itself still remains in the upright position, for example, if engine tubes are slanted and the best form of support for the rocket is to use an angled support post. If the rocket is not perpendicular to the display base, the judge should deduct one ribbon placing. d. No model may be submitted on a launchpad.

6. Launches should not be conducted in winds above 20 mph and will constitute disqualification of the rocket exhibit.

7. All rockets must have a safe method of recovery, e.g., parachute, streamer, or tumble recovery. Any rocket without a recovery system will be disqualified.

8. The altitude achieved by the rocket is to be determined using a method other than estimation. Examples of accepted methods include an altimeter, computer software, range finders, etc. If additional space is needed to show calculations of how the altitude was achieved one additional page may be added to the rocketry information pack.

9. Flight damage is to be documented by the participant on either the construction plans an additional sheet of paper titled “flight damage” or the 4-H STEM Rocket Exhibit Information Form.

10. The judging of flight damage is to be secondary to all other aspects of the model and only then may it even be considered. However, under no circumstance may flight damage be grounds for disqualification.

11. Accidental Damage - Any damage to an entry while it is in the custody of the judges, assistant/ superintendents, or extension staff must not be held against the exhibitor. For example, escape towers being knocked off the top of rockets during transport (both the escape tower and rocket may still be judged). Such damage is to be reported and documented.

12. Improvements may be made to the exhibit prior to the State Fair to improve the overall presentation of the exhibit while maintaining the major substance of the exhibit. For example, a cooking entry of a cookie is re-prepared between a county and state fair, most likely using recommendations from the first judging, it’s the same recipe just with improved technique.

13. Engines and igniters, under any circumstance, ARE NOT permitted with the exhibit and constitute an immediate disqualification.

14. If an engine becomes stuck, jammed, wedged, or in any other way permanently affixed in or to a rocket and cannot be removed from the rocket, the rocket will be subject to immediate disqualification. This is because it is not possible to make a full and immediate assessment of the safety of the rocket when it is being judged and safety is paramount.

15. Engines may not be used as display stands hollowed out or otherwise. Engines used as a display stand will cause the exhibit to subject to immediate disqualification.

16. Rocket engines should not be used to join multi-stage rockets together. a. Multi-stage rockets can be displayed without having the stages connected together. In that case, the final stage (the one with the nose cone) should be placed on the display stand and other stages with a loop of string to the display stand. b. The different stages must be included to complete the rocketry exhibit, incomplete exhibits will be deducted at least one ribbon placing. c. Use of any engines to join the stages together will be subject to immediate disqualification.

17. Multi-stage rockets can be flown using just the final stage and be considered fully flown.

18. If a safety violation is noted by the judges, superintendent, or other staff, the exhibitor’s rocket, at the judges’ discretion, will receive a participation ribbon. All information necessary will be given to the NAR and/or TRIPOLI for investigation and possible revocation of membership.

D. Construction Rules for All Rockets

Purpose: These rules apply to how rockets are to be displayed at the fair and what those displays should and should not contain. These rules apply to all rockets displayed in the STEM division.

1. Rockets are to be properly assembled according to the assembly instructions.

2. Beginner kits with prefabricated (molded plastic) fin assemblies and pre-finished rockets requiring no painting are not acceptable and will be disqualified.

3. Plastic snap-together fins and prefabricated fin assemblies that do not require fin alignment are not acceptable and will be disqualified. a. This rule does not apply to plastic fins that must be manually aligned and do not utilize a fin alignment mechanism, including, but not limited to fin alignment rings or spacing blocks. b. This rule does not apply to fiberglass, Kevlar, composite, or wood fins; especially when used for “through-the-wall” fin attachment techniques that are common in larger rockets. c. In addition, plastic parts for decorative and mechanical purposes (i.e. decorative nozzles and moving landing struts) are not considered fins and can consist of plastic. Decorative nozzles, etc. need to be securely fastened and not pose a safety hazard. d. Fin assemblies that are printed using a 3D printer are excluded from this rule, though
detailed instructions on the creation of the fin assemblies must be provided and an additional page of photos may be included to show the creation/printing of fin assemblies.

4. Angles of fins must fall within a plus or minus 2-degree variation using an approved fin alignment guide (such as KSSTAC10). An official fin guide is available from www.STEM4KS.com.

5. Fins should be rounded or streamlined according to instructions. If the other edges are rounded to reduce drag on all exposed sides, there should be no ribbon deduction, unless instructions indicate to leave flat, or instructions say to round and rounding was not done.

6. Fins and body tubes are to be sealed with filler, sanding sealer, and/or primer to eliminate the appearance of body grooves and wood grain.

7. Fins and launch lugs are to be filleted to reduce drag and properly secure them to the model.

8. Engine mounts are to be securely attached to the body tube.

9. Any seams on plastic parts are to be sanded smooth.

10. Body tubes/airframes/engine mounts can be made from suitable materials, including, but not limited to: reinforced paper, cardboard, phenolic resin, specialized polymer resins, fiberglass, Kevlar, or other suitable structural materials. However, foam may not be used for the external body or other external rocket parts.

11. The nose cone is to fit snugly but still allow for easy removal. If the shock cord frequently becomes stuck between the nosecone and the body, it should be trimmed.

12. Exhibits must be uniformly painted and smoothly finished or finished as per rocket instructions, and have decals applied smoothly. The rocket should be free of “runs,” “orange peel,” or “crackling” in the finish.

13. Non-standard surfacing (such as textured paint) may be used if directed by the instructions, this includes scratch-built rockets.

14. Models may not be judged based on their paint scheme (colors and placement on the rocket), with the exception of rockets that fit the definition of a ‘scale model.’ All other rockets do not have to follow the suggested paint scheme, allowing the 4-H’er to display maximum creativity in the finishing of their rocket. Under no circumstances is the weight given to the paint scheme to be sufficient enough, by itself, to move a non-scale model from one ribbon placing to another.

15. “Scale models,” exhibited in the scale model class may be judged based on their paint scheme. The judge may deduct up to one ribbon placing for not following the paint scheme.

16. Scale Model Rockets, exhibited in the scale model class are to be finished and completed with a majority (greater than 70%) of decals.

17. If a modification is made to the rocket, for example, adding a fin, a swing test must be conducted on the rocket, and the documentation provided. Failure to test and document flight stability following modifications will result in two ribbon placing deductions. Changes to the paint scheme, changes/reductions in decals, and other non-structural changes are not considered modifications and do not require a swing test.

E. Model Rocketry Specific Guidelines (ages 9 and up):

Purpose: Model rockets are generally small-to-medium-sized rockets that can be purchased at hobby stores that an individual(s) builds from parts similar to those found in model rocket kits.

1. Rockets classified as high or mid-powered may not be entered in this category.

2. Each rocket must be able to stand freely by itself or be supported by a solid base, not to exceed 4-1/4” (four and one-quarter inch) thick and 8” square. The exhibitor’s name, county or district, and age must be labeled on the base. Rod materials should be sturdy, and not made of flimsy materials, such as coat hangers.

3. If the model rocket is greater than 4 feet tall it can be displayed without a base or displayed parallel to the ground with up to 3 notched blocks not to exceed 4” in height and depth. The exhibitor’s name, county or district, and age must be labeled on the base(s).

4. All exhibitors must comply with the NAR Model Rocket Safety Code that is in effect as of October 1st of the current 4-H year. However, in the event that there is a modification in this code, the Engineering and Technology Project Partnership Team may review and implement the modified code.

F. Original Design Specific Rocket Guidelines (ages 11 and up):

Purpose: To allow youth to develop their own rockets (model, mid, and high powered) in a safe manner that displays maximum craftsmanship.

1. Original-design rockets cannot be a modification of a pre-existing kit and must be of the original design.

2. Original design rockets must be designed by the exhibitor(s).

3. Original design rockets must include detailed instructions so that someone could construct the originally designed rocket just like a kit purchased at a store. Instructions can be as many pages as needed to convey complete construction techniques.

4. Original design rocket instructions should not include copies of instructions in part or in whole from existing kits without crediting the source instructions. For example, “Fin alignment template from Estes Baby Bertha.”

5. For a rocket entered in the original design classes, describe in the summary how the rocket was tested for stability prior to flying. Swing testing of the rocket is required. Other tests and calculations are strongly encouraged. Exhibitors must include documentation of the swing test. Failure to swing test a rocket will result in a deduction of TWO ribbon placings.
Division A - Exhibitors 9 through 13 years old
Rocket made from kit. Include plans.
Class 1000J by 7-12 old members
Class 1000S by 13 and older members

Scale Model Rocket made from kit includes plans.
Class 1001J by 7-12 old members
Class 1001S by 13 and older members

Division B - Exhibitors 11 through 13 years old (9-10 yr olds may not enter in this class)
Rocket designed by exhibitor: not merely a modification of an existing kit. Include original plans.
Class 1002J by 7-12 old members
Class 1002S by 13 and older members

Scale Model Rocket designed by exhibitor: not merely a modification of an existing kit. Include original plans and stability testing.
Class 1003J by 7-12 old members
Class 1003S by 13 and older members

Division C - Exhibitors 14 years and older
Rocket made from kit. Include plans.
Class 1004S by 14 and older members

Rocket designed by exhibitor: not merely a modification of an existing kit. Include original plans.
Class 1005S by 14 and older members

Rocket designed by exhibitor: that uses alternative skins; not merely a modification of an existing kit. Include original plans.
Class 1006S by 14 and older members

Class 1007S by 14 and older members

Scale Model Rocket designed by exhibitor: not merely a modification of an existing kit. Include original plans and stability testing.
Class 1008S by 14 and older members

Division D - Exhibitors 11 years and older. This class is designed to encourage teamwork among individuals and clubs to work on a rocket from the initial design to the finished product.
Rocket designed by 2 or more exhibitors: not merely a modification of an existing kit. Include original plans.
Class 1009J by team of 11-12 old members
Class 1009S by team of 13 and older members

Mid-power Rocketry (2x’D’ to ‘G’ Engines)
Guidelines: Purpose: To allow for improved safety and judging of rockets that meet the requirements of 4-H mid-power rockets.
1. Exhibitors must be at least 14 years of age by January 1 of the current year.
2. The rules for ALL categories apply.

PAGE 15

3. In addition to the information packet completed for all rockets, a high/mid power information form is to be completed and placed inside the information packet. This may be downloaded from http://www.kansas4-H.org/. Click on the KSF Packet link.
4. Exhibitors in this division must hold memberships in either NAR or Tripoli organizations.
5. The NAR Model Rocket Safety Code applies to the construction and launching of all rockets displayed in this division. As such all exhibitors must comply with the NAR Model Rocket Safety Code that is in effect as of October 1st of the current year. However, if there is a modification in this code the Engineering and Technology Project Partnership Team may review and implement the modified code.
6. All rockets in this division are to be launched under adult supervision by the 4-H member who constructed the rocket.
7. High-power rockets as defined above (‘H’ or ‘I’ engines) may not be launched in this division.
8. If according to Federal Aviation Regulations Part 101, a waiver is required to fly the rocket, a copy of that waiver is to be attached to the High Power Information Form. In the case where the launch was a public event, a substitute to a copy of the waiver is the Range Safety Officer’s (RSO’s) contact information, launch location, and date.
9. Mid-power rockets may be displayed without a supporting stand. If a supporting stand is used, it is not to exceed 4-1/4” (four and one-quarter inch) thick and 8” square. The exhibitor’s name, county or district, and age must be labeled on the base.

High Power Rocketry Guidelines
Purpose: To allow for improved safety and judging of rockets that meet the requirements of 4-H high-power rockets.
1. Exhibitors must be at least 14 years of age by January 1 of the current year.
2. The rules for ALL categories apply.
3. In addition to the information packet completed for all rockets, a high-power information form is to be completed and placed inside the information packet. This may be downloaded from www.STEM4KS.com.
4. Exhibitors in this division must hold memberships in either NAR or Tripoli organizations.
5. The NAR High Power Rocket Safety Code applies to the construction and launching of all rockets displayed in this division. As such all exhibitors must comply with the NAR High Power Rocket Safety Code that is in effect as of October 1st of the current 4-H year. However in the event that there is a modification in this code the Engineering and Technology Project Partnership Team may review and implement the modified code.
6. All rockets in this division are to be launched under adult supervision by the 4-H member who constructed the rocket.
7. For rockets launched using an engine(s) that have 160.1
1. Exhibits must have been constructed or repaired during the current 4-H year.
2. Wheeled exhibits must utilize a braking mechanism that prevents the exhibit from freely rolling while on display.
3. Exhibitors are responsible for providing sufficient braking or “chocks” for trailer exhibits to ensure that the exhibits do not move once positioned. If using a wheel “chocking” mechanism, the two individual blocks should be connected together as a pair of chocks, so they do not become separated. At least one pair of chocks should be placed on each side of the trailer to prevent movement.
4. For trailer exhibits the tongue of the trailer should have a locking mechanism (e.g. padlock) to prevent the trailer from being moved by unauthorized individuals while being displayed. A key for the locking mechanism should be left with the superintendent and labeled with the exhibitor’s name, county, and phone number.
5. For exhibits with downward swinging parts, such as tailgates, that could pose a fall/striking/crushing hazard should have a tamper-resistant locking mechanism such as a “zip-tie” or “cotter-key” through a release pin that would prevent the swinging part from being accidentally released and falling on someone.
6. Each exhibit must be free-standing or sufficiently supported by an exhibitor-supplied support system that is moveable and is part of the total dimensions and weight of the exhibit as described previously. Exhibit display boards should have a portable and moveable base and examples should be firmly affixed to the board to ensure all parts of the display stay together. No exhibits may be staked to the ground for display.
7. Top-heavy items should be braced or placed in a stand sufficient to prevent it from toppling over while on display.
8. Exhibits may not be bound, affixed, or attached to the fair buildings.
9. Painting or spot painting is not allowed on projects after arrival on fairgrounds. If wet paint is detected by the judge or superintendents, one ribbon placing will be deducted.
10. Repair projects having adequate original finish need not be repainted.
11. Cutting surfaces, such as blades or knives, are to have a protective covering over them to prevent injury. The covering should be easily removed and reinstalled for judging. Foam “pool noodles” and multiple layers of cardboard are acceptable.
12. Display cases for small exhibits, such as knives, are acceptable and must be easily opened so the item can be removed and examined as part of judging.
13. Exhibits that include weaponry of any kind will be disqualified. Weaponry is defined as any instrument, possession, or creation, physical and/or electrical that is intended to be used to inflict damage and/or harm to individuals, animal life, and/or property.
14. If the exhibit is powered by flammable liquids (gas, propane, kerosene, etc.) the fuel tank and lines should be drained and allowed to dry, to avoid spills and potential fires.
15. Electric-powered (battery, corded, solar, or alternative energy) should have a primary shutoff or disconnect

**Division F** - Exhibitors 14 years and older

**High Power Rocket Made from Kit or Original Design**

**Class 1011S** by 14 and older member

- County Class, not eligible for the state fair.
- Rocket made from kit, without pre-assembled fin units. Include plans
- Class 1012J by 7-8 year-old member

**Rocket made from “beginners kit.”** Include plans. Rockets in this class may have pre-assembled fin units (plastic). This class is for 7-8 year-old members to explore the rocketry project.

**Department 2  Ag Mechanics Welding**

**Enrollment:** 2 jr, 2 sr  1 award

1. All general regulations apply.
2. 2-sectional entry card is required for each exhibit.
3. Members enrolled in this project may exhibit five (5) entries per class completed in current 4-H yr.
4. See page 11: poster, display & notebook criteria.

**Description:** The Ag Mechanics project is starting with an emphasis on welding and smithing, it will expand as the project area grows. This project allows youth to explore areas of ag mechanics and metallurgy from repairing or repurposing items to the fabrication of new items. The intent is for this program to start with foundational areas, some of which youth may already have, and allow them to continue to build on this knowledge becoming more experienced.
16. If a safety violation is noted by the judges, superintendent, or other staff, the exhibitor’s exhibit, at the judges’ discretion, will receive a deduction in ribbon placement or a participation ribbon.

17. The exhibitor’s name(s) and county or district must be tagged or labeled in a prominent location on the display.

18. Each exhibit, except for display boards, must include an Ag Mechanics Welding information packet. Entry of just a packet without an accompanying exhibit is not a sufficient exhibit.

19. Each exhibitor is required to complete the “4-H Ag Mechanics Welding Exhibit Information Form” which is available through your local K-State Research and Extension office or at www.STEM4KS.com. This form must be attached to the outside of a 10” x 13” manila envelope. Do not tie the envelope to the exhibit. All revisions of all forms previously released for the division dated prior to the current year are void for use and new forms must be obtained and used that are dated by the State 4-H for the current year.

20. Each exhibit information packet should include the following items: a. Bill of materials for the project with associated costs, scrap items used may be listed as having a $0.00 cost b. 1 to 5 pages of photos showing work on the exhibit, preferably from a beginning state to final or completed state c. If appropriate schematics or working drawings relating to the creation or repair of welding general fabrication – creation of non-ag equipment with welding

Department 3 Agronomy (Crops)
Enrollment: 3 jr, 2 sr 1 award
1. All general regulations apply.
2. 2-sectional entry card is required for each exhibit.
3. Member enrolled in this project may exhibit five (5) entries per class completed in current 4-H yr.
4. See page 11: poster, display & notebook criteria.

Description: 4-H members in the Agronomy (Field Crops) project may exhibit grain, plants, a wheat variety plot display or a weed control exhibit to prepare an educational display representing their project. The purpose of these exhibits is to provide a positive learning experience for youth, evaluating the accomplishments of the members within the project in that particular program year. The crops exhibited at the county fair demonstrate to the public the benefits of the study and application of crop, weed, range, and soil sciences to solving problems in management, conservation, sustainability, and environmental protection.

1. Exhibits should be as mature as possible.
2. Every entry must be identified by hybrid or variety name.
3. Exhibit must be from the most recent harvest.
4. All classes calling for a gallon sample may have a 2 ½ - 3 inch in diameter cylinder placed in a glass gallon container to reduce the amount of grain to about three quarts.

4-H Wheat Variety Plot display: Exhibitor must be enrolled in the wheat variety plot project. Freestanding display not to exceed overall outside dimensions 36” wide x 36” high x 18” deep (measured on the outside). Care should be taken to select durable materials that will withstand county fair conditions. Displays must not require the use of electricity. If the booth exceeds overall dimensions, ribbon placing will be dropped one place. Members must include the varieties provided in the display but may include more varieties if desired. 70% educational value (is the main idea of display specific? was the title or theme emphasized? is the idea presented so cleanly, so simply, so forcefully, that it will stop the casual observer? if the passerby stopped, did the display give the observer additional facts in a clear, concise way? example: variety differences in wheat, economic gains from adoption of desirable practices). 30% quality of display materials (size, style, neatness of lettering, the proportion of models and lettering balanced, workmanship, including handouts, if used, charts, models, and lettering used effectively to teach ideas, colorful, artistic, neat, and well balanced).

Weed Control exhibit: Collect, identify, press, mount, and label a minimum of 15 weeds. Try to include their roots, stems, leaves, and flowers. Three of the weeds must be noxious weeds preferably found in your home county. A standard 9”x 12” scrapbook may be obtained in which to permanently mount your weed specimens. Identify the scrapbook with your name and county on the inside front cover. Prepare a list of the weeds mounted, showing common name, scientific name, and where it was found. Place the list in a specially identified section of the scrapbook. Collect and identify weed seeds found in crop seeds. Mount them for display purposes. Place them in a specially identified section of the scrapbook. Write a story on “How We Control Weeds on Our Farm” if you live on a farm. Other members write “How We Control Weeds at Home”. The story should be about 300 words in length. It must show definite methods used to control weeds. Place the story in a specially identified section of the scrapbook.

Department 4  Astronomy
Enrollment: 0
1. All general regulations apply.
2. 2-sectional entry card is required for each exhibit.
3. Member enrolled in this project may exhibit five (5) entries per class completed in current 4-H yr.
4. See page 11: poster, display & notebook criteria.
5. Exhibit must relate to project work completed during the current year.

Description: The Astronomy exhibit area is designed to provide youth with the opportunity to explore space through telescopes, research, and observation.
1. Telescopes entered may be built from a kit or original design. Pre-finished telescopes which require no construction are not acceptable exhibits.
2. Telescopes are limited to no more than six feet in length, must be placed on a stationary stand that does not allow the telescope to roll and/or fall over, and the stand cannot extend past two feet in length or width.
3. Each exhibit must include a “4-H Astronomy Exhibit Information Form” which is available through your local Extension Office or at www.STEM4KS.com. This form must be attached to the outside of a 10” x 13” manila envelope. Do not tie the envelope to the exhibit. All revisions of forms previously released for the STEM division dated prior to current year are void for use and new forms must be obtained and used that are dated by the State 4-H Office for the current year. You must also include construction plans (or a photocopy) of the telescope and place it inside the manila envelope. For notebooks, display boards, and posters, no additional exhibit information is required; no manila envelope is needed for these exhibits.
4. At least two photographs showing telescope construction and operation are required. Photographs should be mounted on one side of an 8½” x 11” page. A brief caption should accompany each photograph. Place photos in the 10” x 13” manila envelope. Up to 10 pages of pictures can be included.
5. Telescope must be properly assembled and painted with a smooth and uniform finish. Decals, if used, should be attached smooth and tight.
6. Telescopes designed by the exhibitor must be original, not a modification of an existing kit.

3. Member enrolled in this project may exhibit five (5) entries per class completed in current 4-H yr.
4. See page 11: poster, display & notebook criteria.

Description: The BBE exhibit area focuses on using architectural blocks (“Legos”) to construct dioramas. This project allows youth to explore architectural design in a three-dimensional space. The intent for this program is to allow youth to explore the construction and gain knowledge through interaction with a common toy.
1. Exhibits must have been constructed during the current 4-H year.
2. Total exhibit dimensions may not exceed 2 feet high, by 2 feet wide, by 2 feet deep. For state fair – the minimum exhibit dimensions must be at least 6 inches wide and deep.
3. All exhibits should be placed in a sturdy see-through enclosure with a top, bottom, and 4 sides. A clear tub turned upside down with the exhibit placed on the lid would be an acceptable enclosure. It may be desirable to place a cutting board or other hard surface between the lid and base plate of the exhibit to make it more sturdy. This is to keep exhibit parts from being “scattered to parts unknown” at the fair. The outer dimensions of the enclosure do not count towards the total exhibit dimensions but should not be excessive. The entire exhibit should fit in the display enclosure so the enclosure does not smash into the exhibit during movement.
4. All components used in construction should be dust and hair free, clean, free of chips, scuffs, cracks, or broken blocks.
5. Gaps or cracks should not be visible between assembled blocks unless they fit with the story, for example an earthquake.
6. The primary building component should be interlocking blocks, commonly referred to by the brand name of Lego®
7. Other components can be integrated into dioramas to illustrate architectural aspects that may be difficult to convey with traditional interlocking blocks, for example marbles for small round objects.
8. The use of existing “store-bought” sets for major architectural elements of the display is not allowed, use of figurines from sets is allowed as is using individual bricks or small sub-assemblies to create something different than the architectural component of the set it came from. For example a car hood or front end from a car kit could be used in a “car museum,” just not the entire car. The intent of this is to ensure fairness among exhibitors and encourage maximum creativity instead of just following a set of plans. Exception is County Class Only – Kit.
9. Dioramas should be suitably complex and have multiple elements, for example a camp site that has a log cabin, a tree fort, and a car.
8. All dioramas should have a story, which is part of the information pack, that describes what is happening in the diorama; this can be as simple (the nursery rhyme “Jack and Jill” for example) or complex as needed to explain to someone looking at the exhibit what is happening.

9. Vehicles that are intended to stay in a single place should be affixed to base plates with sticky tack, hot glue, or other method.

10. Mechanical enhancements or motion elements that add motion to the diorama are acceptable and encouraged. For example, merry-go-rounds, doors, elevators, gears, marbles going down a channel, flapping wings, animatronics, etc. If included, judges should be able to use them and instructions should be provided for operation either in the story or on a separate page.

11. Artistic designs, for example recreating paintings like the “Mona Lisa” or “Starry Nights” and sculptures like “David,” are not permitted as exhibits and 1 ribbon placing should be deducted.

12. The exhibitor’s name(s) and county or district must be tagged or labeled in a prominent location on the display, additionally the display case should have the exhibitor’s information attached to it as well, as the top part of the case may be separated from the display.

13. Each exhibit must include an Architectural Block Construction information packet. Entry of just a packet without an accompanying exhibit is not a sufficient exhibit.

14. Each exhibitor is required to complete the “4-H Building Block Engineering Exhibit Information Form” which is available through your local K-State Research and Extension office or at www.STEM4KS.com. This form must be attached to the outside of a 10” x 13” manila envelope. Do not tie the envelope to the exhibit. All revisions of forms previously released for the division dated prior to the current year are void for use and new forms must be obtained and used that are dated by the Kansas State 4-H Office for the current year.

15. Each exhibit information packet should include the following items: a. 1 to 5 pages of photos showing work on the exhibit, preferably from a beginning state to final or completed state. Final pictures help in determining where a part might go in case something comes loose. b. If appropriate operating instructions for mechanical portions of the diorama.

**Sewing and Textile Design**
(formerly Clothing and Textiles - Construction)

**Enrollment:** 6 Jr 1 award

*NOTE: Sewing & Textile Design senior age is 14+.

**Description:** This project will teach you the basics, such as sewing a pillowcase or shirt, learning different stitches, or putting in a zipper. Learn to create and sew your own clothing and accessories while exploring the world of fashion and how to take the design of your choice and customize it for the perfect look, color, and fit.

1. All general regulations apply.
2. Entry cards are on a form that is required for each exhibit. Forms will be in the fair packet and on the Post Rock website.
3. Members enrolled in this project may exhibit four (4) entries per class completed in current 4-H yr.
4. See page 11: poster, display & notebook criteria.
5. Articles, garments, outfits may have been used/worn but should be carefully laundered or cleaned before being exhibited. Exhibits may be placed in clear plastic bags for protection. Bags will be removed for clothing display purposes. Items should be hung on swivel or wire hangers.
6. Optional Identification Labels (sew or use a safety pin, no straight pins may be used to attach these items): a) Type or print on 3” x 2½” piece of cloth: Class Number, County or District, Name. b) Attach labels on the inside of the garment (back of the neck, center back of the waistband, or left end of apron band). Label each piece.
7. Pre-cut kits are acceptable for all clothing classes. All articles/garments must be finished for use.
8. Garments made for animals (i.e. dog, cat) may be exhibited but may not be entered in fashion revue.
9. Bring all patterns used in making an exhibit.
10. An article is an item constructed by hand or machine, including, but not limited to: pincushion, home decorator item (wall hanging, pillow, or curtains), tote bag, travel bag, lingerie case, wearable fiber art to embroidery or appliqué on items made, caps hats, scarf.
11. Exhibits must be displayed at the county fair and checked in with superintendents by 9:00 a.m. on check-in day.

**Shopping in Style**
(formerly Clothing and Textiles - Buymanship)

**Enrollment:** 10 Jr, 1 Sr (ribbons only, no award or rosettes)  
*NOTE: Sewing & Textile Design senior age is 14+.

**Description:** 4-H members will learn what clothing styles look best on them while they also gain skills in building a versatile wardrobe and staying within their budget. Each year enrolled in Shopping in Style should build on previous year’s learning experience. Exhibit one of the following options that align with the 4-H member’s Shopping in Style level.

1. All general regulations apply.
2. Entry cards are on a form that is required for each exhibit. Forms will be in the fair packet and on the Post Rock website.
3. Members enrolled in this project may exhibit four (4) entries per class completed in the current 4-H yr.
4. See page 11: poster, display & notebook criteria.
5. Posters can be flat poster board or foam board, no larger than 22” x 28.”
6. Tri-fold educational displays must be free-standing and no larger than 36” x 48.”
7. Photos of 4-H members in purchased outfits must demonstrate criteria as outlined on the scoresheet. Consider multiple angles, good light, and highlight details so that the judge may accurately evaluate the exhibit.
8. Exhibits should include actual photos of 4-H members in garments, and may also include pictures from magazines or the internet.

**Classes:** Exhibit one of the following options that align with the appropriate Shopping in Style level

**Shopping in Style:** (age 7-9) Choose one of the following activities from Unit 1 or Unit 2 of the curriculum project manuals. Exhibit should consist of a poster that showcases:

A. a garment you purchased that reflects your personal style and explains how this garment reflects your style and how it influences what others think of you; OR  
B. a garment you purchased and explains how your personal style either aligns or contradicts what is considered to be “in style” today; OR  
C. a garment you purchased and explains or illustrates how this garment is a modern version of a fad or fashion from an earlier decade; OR  
D. a garment you purchased and explains how this garment reflects a different ethnic or cultural influence; OR  
E. a garment you purchased and includes a color discussion that provides an overview of how different colors complement different hair colors and skin tones and how that influenced garment selection.

Class 1093J by 7-9 yr old member
Shopping in Style: (age 10-13) Choose one of the following activities from Unit 3 or Unit 4 of the curriculum project manuals. Exhibit should consist of a display that showcases: A. an outfit you purchased to wear with a clothing item that was already in your wardrobe that still fit but you didn’t wear anymore. Explain why the clothing item was not being worn and what you did to transform it into a wearable garment again. OR B. a top and bottom that you purchased, as well as at least three pieces of clothing in your existing wardrobe that you can mix and match with the new items to create multiple outfits. Includes a clothing inventory and explain what you have learned by completing this activity. OR C. an outfit you purchased and explain why you selected the garment you did, your shopping budget, and cost per wear; OR D. an outfit you purchased and explain how advertising influences clothing purchases making a distinction between wants and needs. Include your shopping budget and cost per wear. OR E. an outfit you purchased along with a cost comparison between garments/accessories purchased vs. sewing/constructing the outfit. Comparison should include a variety of shopping options and/or price tracking at stores over a period of time.

Class 1094J by 10-13 yr old member

Shopping in Style: (age 14-18) Choose one of the following activities from Unit 5 or Unit 6 of the curriculum project manuals. Exhibit should consist of a display that showcases: A. an outfit you purchased and care requirements not only for this garment but also for garments made of other natural and synthetic fibers. Display should also include a care cost analysis for garments of different fibers; OR B. an outfit you purchased which you have repaired or altered. Include a clothing inventory list that includes cost savings for repaired items as compared to purchasing replacement garments; OR C. an outfit you purchased along with plans and commentary for a fashion show that would capture the attention of an audience. Plans should identify the target audience, venue, theme, budget, and logistical plan for the fashion show; OR D. an outfit you purchased and explain 3 methods of clothing repair that you have learned, i.e. torn seam, torn hem, replacing a button, etc. The display should also include photos and a list of your assembled clothing first aid kit. Include itemized expenses; OR E. An outfit you purchased, and feature any other completed activity from the Shopping In Style curriculum of your choosing that isn’t listed above.

Fashion Revue

Sewing & Textile Design: 6 jr 1 award
Shopping in Style: 10 jr, 1 sr 1 award

*NOTE: Fashion Revue senior age is 14+.

Description: The Fashion Revue is an educational component of both the Sewing & Textile Design project and the Shopping in Style project. It emphasizes skill development in selecting, constructing or purchasing, accessorizing, and modeling of a garment or garments. Additional skills developed through the Fashion Revue are leadership, self-confidence, poise, good posture, good grooming, and planning.

1. All general regulations apply.
2. Fashion revue: members enrolled in Sewing & Textile Design, Shopping in Style, crochet, knitting, and quilting may compete.
3. Entry cards are on a form that is required for each exhibit. Forms will be in the fair packet and on the Post Rock website.
4. Exhibit may have been used/worn, but shall be carefully laundered before being exhibited.
5. Participants should provide a written script at check-in. Scripts should be 4-6 sentences in length. Write it exactly as you want it read during the public revue. Include the member’s name and 4-H club somewhere in the first sentence. Some descriptors may include fabric, colors, patterns, where you will wear the outfit, what you like best, etc. Feel free to include hobbies and other info about yourself.
6. Participants may model only what can be worn. Garments cannot be carried. Contestants should use good sense in choosing items that are appropriate to be modeled publicly.
7. For Sewing & Textile Design, the majority of the outfit commonly considered an outer garment (dress, jacket, skirt, pants, coat, etc.) must be constructed by youth, pieces worn with an outfit (blouse, shirt, sweater) can be purchased.
8. For Shopping in Style, the majority of the outfit must be purchased (not borrowed) and modeled by the 4-H member or made by another individual for the 4-H member if the fabric and pattern were chosen by the 4-H member. Everything which is commonly considered an outer garment must be purchased by the 4-H member or constructed by another person (vest, jacket, dress, skirt, pants, coat, etc.).
9. Members enrolled in the project may enter four (4) fashion revue exhibits per class.
10. All garments/outfits modeled must also be entered in either Sewing & Textile Design or Shopping in Style classes or wearable outfits entered in a Fiber Arts class.
11. All written scripts, cost sheets, and entry cards are DUE at the time of check-in before judging.
12. Exhibitors must sign in 1:00-1:30 p.m. for modeling.
13. Exhibits worn in fashion revue must be displayed at the county fair and checked in with superintendents by 9:00 a.m. on check-in day at Quonset.
Standards for exhibitor:
1. to understand and demonstrate a wardrobe plan.
2. to understand how selected garment(s) and accessories enhance their personal/public presentation.
3. to understand the value of this garment/outfit and how it fits into the family’s clothing budget.
4. to be able to describe how they have accepted personal responsibility in caring for their garment/outfit.
5. to visually demonstrate personal fitness and grooming and clothing/accessories comfort and safety.
6. to be able to describe how they cared for the garment/outfit and how it fits into their wardrobe plan.

Banner /booth /officer books /project display/ /fair theme
Check-in: banners 7/9, at the extension office
booth, books, displays 7/11, 7:30 a.m.
one (1) FFA chapter, three (3) 4-H clubs
1 award: overall officer book
Banners: will NOT be displayed at the state fair.
1. All general regulations apply.
2. 2-sectional entry card is required for each exhibit.

3. One class entry per club/chapter.
4. Copyrighted material: see general regulations
NOTE: may want to incorporate the fair theme.

Banners must be:
a. A minimum of 12 and maximum of 16 square feet, with a minimum of 3 feet on one side.
b. Two (2) dimensional displays, depicting one idea.
c. Hung on a dowel, strong enough to support the banner, each end of the dowel must have a chain six inches long, the other end of the chain connects to an “S” hook which will permit the banner to be suspended by the chains on the wire, banners mounted any other way will not be displayed due to technical problems.
d. Materials used must be non-flammable and permit the banner to be folded or rolled without damaging the display; 3-dimensional objects may not be attached to the banner.
e. To the front lower left-hand corner, attach a label with club name and county, lettering 2” in height, names of members are optional, water-proof ink prevents smearing and is recommended for the label.

Booths will be:
a. Table against a wall.
b. Same judging criteria as banners.

Banner and booth judging criteria:
1) 40% educational value
2) 20% appearance
3) 20% interest and originality
4) 20% quality of display materials

Department 11 Computer Science

Enrollment: 1 jr 1 award
1. All general regulations apply.
2. 2-sectional entry card is required for each exhibit.
3. Member enrolled in this project may exhibit five (5) entries per class completed in current 4-H yr.
4. See page 11: poster, display & notebook criteria.

Description: The Kansas 4-H Computer Science System portion of the computer project is designed to allow 4-H members to explore how information is moved from one part of the computer to the other; how information is stored; or how information is acted on (programming).

1. Any item which IS NOT a notebook, display board, or poster displayed in this class is considered a “computer system” exhibit and MUST follow the rules set forth below.
2. The actual construction of computer hardware (i.e., building a computer, electronic devices with a motherboard-based manipulation) will remain in the Energy Management division.
3. The 4-H members must be currently enrolled in the 4-H Computer Science project to exhibit in this division.
4. Exhibit must have been completed during the current 4-H year.
5. Exhibitor’s name, county or district, 4-H age, and years(s) in the project must be tagged or labeled in a prominent location on the exhibit.
6. See the last section for full details about exhibiting posters, display boards, and notebooks.
7. All exhibits must be: a. Self-contained on a USB drive (thumb drive, flash drive, jump drive, or any other name for a small USB storage device; the rules will use “USB drive”). This means that a judge can plug in the USB drive into a computer and be able to run the exhibit as described below. OR b. System -On-A-Chip (SOC) (such as Raspberry Pi) or a Micro-Controller (such as an Arduino or Ozobot) AND is a compact (less than 8”X 8”X 8”) system, which can be programmed AND requires minimal assembly to operate (e.g. connecting power, display, and keyboard/mouse cables). Referred to as a “chip system” through the rest of the rules.
8. Physical computers such as tablets, smartphones, laptops, or personal computers (PCs) will not be accepted as an exhibit.
9. “Chip system” may use/include GPIO breadboards or HATs (Hardware Attached On Top) the size of which is not included in the size of the chip system however the total size of the chip system and GPIO devices may not exceed 24”X24”X24” including any protective enclosures.
10. Any attached GPIO devices are not judged for electrical construction or quality as this division is focused on the operational aspects of the system (the code). Some of these systems, with automation, can also be classified as a Robot, and the exhibitor must decide which division to exhibit in as the exhibit may not be entered in both divisions.
11. For a chip systems, all electric components of the system must be adequately covered or concealed with a protective enclosure. Paper is NOT considered an adequate enclosure or covering for the electrical components.
12. All revisions of all forms previously released for the STEM division either undated or dated prior to the current year are void for use and new forms must be obtained and used that are dated by the Kansas State 4-H Office for the current year. The use of old forms should result in the loss of one ribbon placing for exhibits.
13. For all computer system entries, the following items are required as part of an exhibit packet: a. A Manila envelope with the Computer Exhibit Form, which is available through your local Extension Office or at www.STEM4KS.com. The form must be attached to the outside of a 10”x13” manila envelope. Do not tie the envelope to the exhibit. b. A USB drive labeled with the 4-Hers name, county/district, and club; in a way that does not prevent it from being plugged into a computer. c. For exhibits that are entered only on USB drives, at least one (1) graphic (picture, screenshot/capture, slide, etc.) of the project must be printed out on an 8.5” X 11” sheet of paper, placed in a plastic sheet protector, to allow for proper display. Additionally, this graphic should be included on the USB drive and given the name “display graphic.” This is what will be displayed during the fair, all other materials will be given back to the exhibitor. On the backside of the graphic the 4-Her’s name, county/district, and the club should be listed. d. Instructions to run any part of the exhibit on the USB drive. (There should be at least three (3) items in your manila envelope: USB drive, graphic and instructions).
14. Each exhibit must be accompanied by a “4-H Engineer’s Journal.” The engineer’s journal should be typed. It can either be included electronically on the USB drive (preferred) or printed and placed in the manila envelope. a. The “4-H Engineer’s Journal” should start with a dated entry describing what the 4-H member is trying to accomplish/build. b. The “4-H Engineer’s Journal” should conclude with a dated entry describing what the 4-H member achieved in creating. (The start and end many times will be different. The judges are interested in the journey). c. Additional entries in the “4-H Engineer’s Journal” should be made as progress occur describing successes and failures; as well as the steps done and any sources of information including links used. d. Pictures can also be included in the “4-H Engineer’s Journal” but should not be more than 50% of the entries. e. The “4-H Engineer’s Journal” should contain at least one graphic. f. The “4-H Engineer’s Journal” must be at least 3 pages in length. g. An example of a “4-H Engineer’s Journal” can be found at www.STEM4KS.com. h. The “4-H Engineer’s Journal” will comprise 25% of the overall exhibit score. Failure to include a “4-H Engineer’s Journal” will result in the exhibit being disqualified.
15. If the exhibit is a program, application, app, website, or requires any coding, the source code must be included on the USB drive. Failure to include a copy of the “source code” may result in up to one ribbon place deduction.

16. Flow diagrams or decision trees showing the logical flow of code must be included on the USB drive for all coded exhibits. PowerPoints presentations, for example, would not require a decision tree or flow diagram.

17. FOR COUNTY FAIRS, it is recommended that 4-Hers bring a computer that will run their project at the fair for judging as judges typically do not bring computers with them. Operating instructions are required. Instructions should be written as though you were helping a less techy person, (like a grandparent) operate your exhibit. An example of instructions can be found at www.STEM4KS.com.

18. Each exhibit must accomplish a specific automated task using a computer, chip system, or virtual machine (VM).

19. Exhibitors should take great care and only go on-line with their guardian’s permission. User names and passwords should not be included in exhibits. If they are required to view the content, a temporary user account and password should be created for judging at the fair, once judging is complete the user name and password should be disabled on the account. YOU SHOULD NOT SHARE YOUR USER NAME OR PASSWORD WITH OTHERS.

20. All licensing should be adhered to for any software used in the exhibit. Failure to do so will result in a reduction of one ribbon placing and may not be considered for Grand Champion.

21. The creation of viruses, malware, malicious applications or code, defamatory language or graphics, bullying, or any material that is “mean,” “dangerous,” or harmful according to the judge’s opinion will result in the exhibit being disqualified.

22. Pictures or still graphics created are not eligible for entry as a project in this division and should be entered in the appropriate photography division.

23. Judging will be based on a score sheet which can be found at www.STEM4KS.com. There are four (4) areas each exhibit will be judged on. They are: a. 4-H Engineers Journal (what I learned to make it work), 25% overall score b. Instructions (how I help others make it work), 25% overall score c. Functionality (does it work), 25% overall score d. Diagrams (and code if applicable) (how I think it works), 25% overall score.

Department 13 Electric & Renewable Energy (formerly Energy Management)

Enrollment: 1 jr, 2 sr 1 award

Description: Through the Electric & Renewable Energy you will have the opportunity to educate others about what youth have learned through the project or to promote the benefits of participation in this project area.
1. All general regulations apply.
2. 2-sectional entry card is required for each exhibit.
3. Member enrolled in this project may exhibit three (3) entries per class completed in current 4-H yr.
4. See page 11: poster, display & notebook criteria.
5. Items that have been in use should be cleaned for exhibit.
6. A sheet of operation instructions must be furnished for any exhibit that is not self-explanatory.
7. Electric exhibits must be operable using only 110 or 120V AC or Battery power. If battery power is required, batteries must be furnished.
8. Any project with a complexity of the size of electronics must have (a) instructions for assembly and use and (b) equipment available at the time of judging for actual testing of the exhibit.

9. No hand-dipped solder may be used on exhibits.

ELECTRICAL/ELECTRONICS

AC Electric Projects: Electric projects with a 110 or 120 V alternating current (AC) power source. Some project examples are household wiring demonstrations, small appliances, extension cords, trouble lights, indoor or outdoor wiring boards, or shop lights. Projects may be a restoration or original construction. The project must be operational and meet minimum safety standards. AC projects must be 110/120 V, no 240 V exhibits are allowed, and must be constructed such that the judges have wiring access to examine the quality and safety of workmanship.

Class 1140J by 7-12 yr old member
Class 1140S by 13 and older member

DC Electric Projects: Electric projects with a battery or direct current (DC) power source. This class includes electric kits or original projects. This class also includes demonstration DC-powered projects. Examples include wiring two or three-way switches, the difference between series/parallel lighting circuits, or wiring doorbells switches. All DC electric projects must include batteries supplied by 4-H’er. Projects must be constructed so that the judges have access to examine the quality of wiring workmanship.

Class 1141J by 7-12 yr old member
Class 1141S by 13 and older member

Electronics Projects: Electronic projects with a battery or direct current power source. This class includes electronic kits or original projects. Examples include radios, telephones, toy robots, light meters, security systems, etc. May be constructed using a printed circuit board, wire wrap, or breadboard techniques. Include instruction/assembly manual if from a kit. Include plans if an original project. Projects must be constructed so that the judges have access to examine the quality of wiring workmanship.

Class 1142J by 7-12 yr old member
Class 1142S by 13 and older member

Educational Displays and Exhibits: The purpose of the educational display and exhibit is to educate the viewer about a specific area of the 4-H electrical or electronics project. The display or exhibit should illustrate one basic idea. This class includes any educational displays, exhibits, or science fair projects which DO NOT have a power source, i.e. exhibits, posters, or displays of wire types, conduit types, electrical safety, tool or motor parts identification, or electrical terminology. Educational displays and exhibits must be legible from a distance of four feet, using a maximum tri-fold size of 3’ x 4’.

Class 1143J by 7-12 yr old member
Class 1143S by 13 and older member

ALTERNATIVE ENERGY (A form of energy derived from a natural source, such as the sun, geothermal, wind, tides, or waves.) All exhibits in this division are limited in size to standard, tri-fold display boards (36” x 48”), and items may not extend beyond 12” from the backboard. All displays must be self-standing.

Educational Display: Create an exhibit that addresses a focused topic related to power generated from a renewable energy source. The purpose of the exhibit is to inform and create awareness.

Class 1144J by 7-12 yr old member
Class 1144S by 13 and older member

Experiment: Display an experiment addressing a problem or question related to power generated from a renewable energy source. Include hypothesis, background research, variables, a control, data, findings, conclusions, and recommendations for future study.

Class 1145J by 7-12 yr old member
Class 1145S by 13 and older member

Department 14 Entomology

Enrollment: 1 jr 1 award

Description: If you’ve ever chased butterflies, caught a ladybug for a closer look, or planted a pollinator garden, the entomology project may be a great fit. You’ll learn the anatomy of insects; the importance of pollinators, make an insect net; and possibly create an insect collection. Later, you’ll study how insects move, learn about insecticides and explore insect behavior.

1. All general regulations apply.
2. 2-sectional entry card is required for each exhibit.
3. Member enrolled in this project may exhibit collection and/or educational exhibit (maximum size 2’ x 3’) in each entomology phase. See page 11: poster, display & notebook criteria.
4. All entries should be submitted in an 18 x 24 x 3.5-inch wooden display box with a clear plastic top (such as Plexiglas). Boxes can be handmade or purchased as long as they are of the correct size.
5. 4-Hers may choose to use one of two taxonomies: Option A: As printed in “Insects in Kansas” book, or Option B: As printed on the “Insects in Kansas Book: 2016 Revised Taxonomy”, which follows www.bugguide.net
6. Each exhibitor is required to identify each box with two identification labels bearing the exhibitor’s name, county, or district, the collection class 4-H’er is enrolled in and the statement of taxonomy used. One label goes in the upper left corner of the box (inside) and the other in the lower right corner of the box (outside). Arrange specimens in the box so the box can be displayed lengthwise.
7. The number of orders, specimens (and families where required) must be included on both of the exhibitor’s box identification labels. Only one adult insect per species can be used in the Collection Boxes and Note-book Classes
unless labeled as male or female and correctly identified.

8. Arrange specimens in groups or rows parallel to the short sides of the box. Specimens are to be arranged by Order in the box, then Family where required.

9. Two labels should be centered on the pin beneath each specimen. The first (closest to the specimen) is the common name label and the second label should include date/locality. Full county name and state abbreviation should be on the second label. Collector’s name (or host) on the date/locality label is optional.

10. The specimens should be collected by the exhibitor and should focus on Kansas insects. Insects may be collected from one county into bordering states and labeled accordingly. Please refer to “Entomology Collection Exhibit Resource” for full details on out-of-state insects in collections.

11. Only specimens of the class Insecta should be included.

12. Purchased insects are not to be exhibited in collections, but they may be used in educational displays.

13. Specimens of soft-bodied insects such as aphids, lice, termites, etc. should be exhibited in alcohol-filled vials; however, the use of alcohol-filled vials should be limited to only those specimens that lose their shape when pinned, since the vials pose a significant hazard to the rest of the collection if they become loose in transit.

**Beginning Entomology I**

**Class 1150 Collection.**

Display in one standard box a minimum of 50 and a maximum of 125 species representing at least 7 orders. Follow the guidelines listed for collections. Members can exhibit in this class for a maximum of 3 years, or until they receive a purple ribbon at the Kansas State Fair, whichever comes first, and then they are moved up a division.

**Beginning Entomology II**

**Class 1151 Collection.**

Display in one standard box a minimum of 75 and a maximum of 150 species representing at least 9 orders. Follow the general guidelines listed for collections. Members can exhibit in this class for a maximum of 3 years, or until they receive a purple ribbon at the Kansas State Fair, whichever comes first, and then they are moved up a division.

**Intermediate Entomology**

**Class 1152 Collection.**

Display a minimum of 100 and a maximum of 300 species representing at least 10 orders. Two standard boxes can be used. Follow the general guidelines listed for Collections. In addition, family identification is required for all insects in any two of the following six orders:

- Odonata, Orthoptera, Hemiptera, Homoptera, Coleoptera, Hymenoptera, and/or Diptera

Examples: what insects did you add or replace; what orders and/or families you added; what Leadership you provided in our collection during the current year.

- A. Specimen pages should be grouped according to order and should include one page per species. If more than one insect is in the photo, an arrow to indicate identified insect should be used.

- B. Date, common name, full county name, and state abbreviation should be included for each species. The collector’s name on the specimen page is optional.

- C. Members who have been previously enrolled in or are currently enrolled in the other phases of the Entomology project need to start with the Beginning Phase of Entomology Notebooks, not the introductory phase.

**Advanced Entomology**

**Class 1153 Collection.**

Display a minimum of 150 and a maximum of 450 species representing at least 12 orders. Three standard boxes can be used. Follow the general guidelines listed for collections. Family identification is required for all insects belonging to the six basic orders as outlined under the intermediate phase. Only families in the above six orders will be counted for judging. Family identification of insects in the remaining orders is optional, but desirable as long as accuracy is maintained. On a piece of paper list what you did to improve our collection during the current year.

**Entomology Notebooks**

1. Individual entries are to be placed for display in a three-ring notebook for competition.

2. 4-Hers may choose to use one of two taxonomies: Option A: As printed in “Insects in Kansas” book or Option B: As printed on the “Insects in Kansas Book: 2016 Revised Taxonomy”, which follows www.bugguide.net

3. 4-Hers who have been previously enrolled in or are currently enrolled in the other phases of the Entomology project need to start with the Beginning Phase of Entomology Notebooks, not the introductory phase.

4. Each exhibitor is required to identify the notebook by placing a Title Page in the front of the notebook bearing the exhibitors name, county, or district and class 4-H’er is enrolled in and statement of taxonomy used: Option A: “Insects in Kansas” book or Option B: “Insects in Kansas Book: 2016 Revised Taxonomy,” which follows www.bugguide.net The number of orders, specimens, and families (required in Intermediate and Advanced classes) must also be included on the Title Page.

5. Specimen pages should be grouped according to order and should include one page per species. If more than one insect is in the photo, an arrow to indicate identified insect should be used.

6. Date, common name, full county name, and state abbreviation should be included for each species. The collector’s name on the specimen page is optional.
7. Specimen pages should have two different views of the insect if possible. If pictures are taken on different dates/localities, include information for both.
8. A statement describing the habitat where found/host plant may be included and is encouraged and will be worth a bonus of 10 points total, not per page. For Intermediate and Advanced notebooks, this is strongly encouraged.
9. A divider page is to be placed in front of each order of insects with the order name printed on the tab for the page as well on the front of the divider page.
10. For the Intermediate and Advanced classes, insects are also to be grouped by family behind each order divider.

11. If the exhibitor has been in the same class for more than one year, a separate sheet of paper needs to be added stating how many years the exhibitor has been in this class of the project and what the exhibitor did this year to improve their notebook. Place the paper just behind the Title Page in the front of the notebook.
12. A special project must be completed each year and included in the notebook. See project guideline materials for specifications.
13. Refer to the publication "Entomology Collection Notebook Guidelines" on the Kansas 4-H Entomology web page for more detailed rules for exhibiting.

Class 1154 Introductory Entomology Notebook:
Display a minimum of 10 and a maximum of 30 insect species representing at least six different orders. Follow the general guidelines listed for Notebooks, including the Special Project. A 4-Her may exhibit in this class for a maximum of two years.

Class 1155 Beginning Entomology Notebook: Display a minimum of 20 and a maximum of 60 insect species representing at least seven different orders. Follow the general guidelines listed for Notebooks, including the Special Project. A 4-Her may exhibit in this class for a maximum of three years or until they receive a purple ribbon at the Kansas State Fair, whichever comes first.

Class 1156 Intermediate Entomology Notebook:
Display a minimum of 60 and a maximum of 100 insect species representing at least nine orders. Follow the general guidelines listed for Notebooks, including the Special Project. In addition, family identification is required for all insects in any two of the following six orders: a) “Insects in Kansas” book - Orthoptera, Hemiptera, Homoptera, Coleoptera, Diptera, and/or Hymenoptera or b) “Insects in Kansas Book: 2016 Revised Taxonomy” which follows www.bugguide.net - Orthoptera, Hemiptera, Odonata, Coleoptera, Diptera, and/or Hymenoptera. A 4-Her may exhibit in this class for a maximum of three years. A 4-Her may move up if they receive a purple ribbon.

Class 1157 Advanced Entomology Notebook: Display a minimum of 100 and a maximum of 200 insect species representing at least twelve orders. Follow the general guidelines listed for Notebooks, including the Special Project. Family identification is required for all insects belonging to the six basic orders as outlined under the Intermediate phase. Only families in the above six orders will be counted for judging. Family identification in the remaining orders is optional, but desirable as long as accuracy is maintained. Members may continue to exhibit in this class for an unrestricted number of years as long as they remain eligible for 4-H membership.

Educational Display Classes
1. Share with others what you learned in this project. Exhibit any activity or learning experience related to the field of entomology or the Teaming with Insects curriculum that does not fit into the Entomology Collection or notebook classes above.
2. Follow copyright laws as explained in the General Rules.
3. The exhibit may be, but isn’t limited to, original works, digital presentations (must provide printed hardcopy for exhibit purposes for the duration of the fair), programs, website, games, apps, display box, notebook, display, or poster which you have made.
4. If the exhibit is a wooden display box, it must be 18”x24”x 3½” with a clear plastic top (such as plexiglass) and displayed horizontally. If the exhibit is a poster, it must not be larger than 22” X 28”. If the exhibit is a display, the maximum size is not to exceed a standard commercial 3’X4’ tri-fold display board.
5. Name and county/district must clearly be marked on educational exhibits.

Class 1158 Beginning Educational Display: Class for individuals who are exhibiting in the Beginning I and II Collection or Beginning Notebook Classes. If only exhibiting in this category, then ages 7-12.

Class 1159 Intermediate Educational Display: Class for individuals who are exhibiting in the Intermediate Collection or Intermediate Notebook Classes. If only exhibiting in this category, then ages 11-14.

Class 1160 Advanced Educational Display: Class for individuals who are exhibiting in the Advanced Collection or Advanced Notebook Classes. If only exhibiting in this category, then ages 13 or older.

Monarch Butterfly Educational Display Rules: Monarch Butterflies were officially put on the Endangered Species list on July 21, 2022. Having the specific name Danatus plexippus, this migratory butterfly is well known for its spectacular annual journey of up to 3,000 miles across the Americas. It is now threatened with extinction due to habitat loss and climate change. 4-Haers can play a critical role in helping bring habitat back for the Monarch Butterfly. They can help educate the public on ways to establish food sanctuaries for this butterfly species and help bring them back from the threat of extinction.

1. Exhibits should teach the public about the Monarch
Butterfly and/or ways to protect and conserve it. The information could show nectar sources for adult butterflies and food sources for caterpillars, Monarch tagging activities, collection of native milkweed and the packaging it to give to others to plant, a group working together to plant a Monarch-friendly garden, etc.

2. 4-Hers may create a poster, notebook, standard-size tri-fold diorama, slide show, or other visual display that shows information on Monarch Butterflies. If a slide show is created, it should be presented on a zip drive along with a printed copy of the presentation.

Department 18 Fiber Arts

Enrollment: 5 jr, 2 sr
1 jr award & 1 sr award
Project phases: crochet, ethnic arts, knitting, macramé, needle arts, patchwork/quilting, rug making, spinning, weaving

Description: Fiber arts is defined as any method of creating a unique design with fiber, fabric, or yarn. This may include making fabric (such as weaving, crochet, knitting, needlepoint), or when the existing fabric is changed into something quite different (such as quilting or embroidery or ethnic arts) Ethnic Fiber Arts should use a fiber, yarn, or fabric to create the design exhibit. Non-textile (examples include wood, reed, straw, grass, etc.) baskets/pieces should be entered in the Visual Arts Division.
decorations. It is also defined as a method that has been maintained throughout history and passed on to others, often by observation and by example, such as batik, Swedish huck towel weaving, mud cloth, bobbin weaving, tatting, felted items that are not knitted or crocheted, etc. Members should attach information on the history of the ethnic fiber art, where it was used, by whom, how it was used, a short description of the technique, etc.

Class 1177J made by 7-12 yr old member
Class 1177S made by 13 and older member

KNITTING: an article made either by hand or by knitting machine, including felted items

Exhibitors - please bring 3 extra of smaller items
There will be a BAKE SALE this year.
Description: In this project, you will have fun learning how to cook the basics and then advance to gourmet and international meals. Develop baking skills, learn about food preservation, explore the heritage of many foods, and understand consumer buying skills. Learn how to make healthy snacks and modify recipes to fit a healthy lifestyle.
1. All general regulations apply.
2. 2-sectional entry card is required for each exhibit.
3. Members enrolled in this project may exhibit three (3) entries per class completed in the current 4-H yr.
4. See page 11: poster, display & notebook criteria.
5. Purple ribbon exhibits are held until judging is completed and the rosette winner selected.

NOTE: No perishable food will be judged.

Food Preparation Rules:

a. Complete recipes with ingredients and instructions must be attached with the entry, or the placing will be lowered one ribbon when judged.

b. For food safety purposes, any food with custard and dairy-based fillings or frostings (ex. Cream cheese), raw eggs, flavored oils, “canned” bread or bread/cakes in a jar, cut fresh fruit, or any food requiring refrigeration (ex. Bacon), or unbaked exhibit with raw flour (ex. No Bake Cookies) will be disqualified and not judged; refer to K-State Research and Extension publication, 4-H488, Judge’s Guide for Food and Nutrition Exhibits, https://bookstore.ksre.ksu.edu/pubs/4H488.pdf, and MF3544, Food Safety for Frostings and Fillings https://bookstore.ksre.ksu.edu/pubs/MF3544.pdf for information to help make informed, safe food exhibit decisions.

c. Alcohol (ex. wine, beer, and hard liquor) is not allowed as an ingredient in food entries or entry will be disqualified and not be judged.

d. All baked goods must be left whole and uncut. Small items, such as cookies and rolls, should be the same shape and from the same recipe. Exhibit 3 cookies, 3 muffins, 3 breadsticks, 1 loaf of bread, etc.

e. Under-baked entries will be lowered one or more ribbon placings.

f. All un-frosted cakes should be exhibited in an upright position with crust showing, except for cakes made with special designs such as Bundt cakes which should have top crust side down.

g. Any baked product that can be removed from the pan should be placed on paper plates, cardboard, or disposable containers of appropriate size for the exhibit.

h. Exhibits should be in food-grade plastic bags, disposable plastic containers, or boxes of appropriate size for the exhibit. Only the exhibit is judged. The container is not judged.

i. A photo of each youth will be taken at pre-fair judging and used for a fair display with the entry card, recipe and ribbon.

j. All food preparation entries will be sold. (Extra small items appreciated for food sale (please label items.)

Table Setting with Menu (on 4"x 6" card: write menu to be served with table setting) criteria: menu selection, appropriateness of place setting. Bring your own card table. Class 1191J by 7-12 yr old member
Class 1191S by 13 and older member

Favorite Food with Menu (on 3"x5" card: write the menu and a short description of occasion) criteria: appropriateness of menu for the occasion, how well food fits the menu, serving appearance of food.
Class 1192J by 7-12 yr old member
Class 1192S by 13 and older member

Food Gift Package: No alcoholic beverages will be accepted. A food gift package must contain at least 3 different food items (prepared for human consumption), made by the 4-H member, in a suitable container no larger than 18”x18”x18”. Prepared food items must have recipes attached to the entry. Additional homemade food items beyond the 3 minimum or purchased items may also be included in the gift basket. On the back of the entry card, answer these questions: a) what is the intended use; b) what food safety precautions were taken during and after preparation? This entry will count as a non-perishable food product, not as an educational exhibit. Home-canned foods must follow Food Preservation rules. Canning jars should not be used for baking per the manufacturer’s instructions. They could break during baking.
Class 1193J by 7-12 yr old member
Class 1193S by 13 and older member

Educational Exhibit Exhibits may be in the form of a poster, notebook, or display. Copyrighted material: see general regulations rule 12, page 9. Follow these regulations as you are preparing your exhibit. Take care to select materials that will withstand fair conditions. No card table displays are allowed. If the exhibit is a poster, it must not be larger than 22” x 28”. Displays are not to exceed a standard commercial 3’ x 4’ trifold display board. Name and county or district must be clearly marked on educational exhibits. NOTE: A collection of your favorite recipes in a recipe box or notebook does not constitute an educational exhibit.

Foods Preservation Description: In this project, you will have fun learning how to cook the basics and then advance to gourmet and international meals. Develop baking skills, learn about food preservation, explore the heritage of many foods, and understand consumer buying skills. Learn how to make healthy snacks and modify recipes to fit a healthy lifestyle. Food Preservation Rules:

a. Exhibit must have been preserved since the member’s previous year’s county fair, and not have been exhibited at the previous county or state fairs.

b. Recipes and processing methods from the sources below are recommended. Recipes must be from current, tested resources listed below AND MUST BE ADJUSTED FOR ALTITUDE based on your processing location, or it will be disqualified. Processing methods that will be disqualified include open kettle canning, oven canning, sun canning, and using electric multi-cookers. For more information on electric multi-cookers, see http://nchfp.uga.edu/publications/nchfp/factsheets/electric_cookers.html. Untested recipes will be disqualified for food safety reasons. Tested recipe resources include K-State Research & Extension Food Preservation publications; other University Extension Food Preservation publications; USDA Complete Guide to Home Canning @2015; So Easy to Preserve, 6th Edition, The University of Georgia Cooperative Extension Service; Ball Blue Book Guide to Preserving, Edition 37; Ball Complete Book of Home Preserving, @2015 & 2020; canning mixes (i.e. Mrs. Wage’s, Ball); Pectin manufacturers (i.e. Sure Jell, Ball); National Center for Home Food Preservation (https://nchfp.uga.edu/) and http://www.rrc.k-state.edu/preservation/recipes.html. Refer to the following K-State Research & Extension publications for more information: 4H712, “Food Safety Recommendations for Food Preservation Exhibits” (http://www.ksre.ksu.edu/bookstore/pubs/4H712.pdf); MF3170, “10 Tips for Safe Home-Canned Food” (http://www.ksre.ksu.edu/bookstore/pubs/MF3170.pdf); MF3171, “Sassy Safe Salsa at Home” (http://www.ksre.ksu.edu/bookstore/pubs/MF3171.pdf); MF3172, “What’s Your Elevation?” (http://www.ksre.ksu.edu/bookstore/pubs/MF3172.pdf); MF3241 “How-to Guide to Water Bath Canning and Steam Canning” (http://www.bookstore.ksre.edu/pubs/MF3241.pdf); MF3242, “How to Guide to Pressure Canning” (http://www.bookstore.ksre.ksu.edu/pubs/MF3242.pdf).

c. Alcohol is not allowed as an ingredient in food preservation entries or entry will be disqualified and not be judged.

d. Each exhibit must have the complete recipe and instructions attached to the entry card, or it will be disqualified. Recipe must include exhibitor name, recipe source, date of publication, and altitude where food was processed. If using Mrs. Wage’s or Ball...
mixes, indicate the date the mix was purchased.

e. Exhibit must be processed in clean, clear standard canning jars, with matching brand (ex: use Ball lids on Ball jars, or Kerr lids on Kerr jars) two-piece lids. Do not use colored jars, fancy padded lids, fabric over-wraps, or cozies as they interfere with the judging process. No fancy packs unless the recipe states to do so (ex: Pickled asparagus). Jars must be sealed when entered. For food safety reasons, the size of jars used must not be larger than the jar size stated in the recipe (ex: Salsa is canned in pint jars only, no quarts). Note: there are now 12-ounce, 24-ounce, and 28-ounce canning jars available and may be used. Use pint jar process recommendations for 12-ounce jars. Use quart jar process recommendations for 24-ounce and 28-ounce jars.

f. Each jar exhibited must be labeled. The label must not cover the brand name of the jar. The label must give: class #, product, the altitude where processed, canning method (water bath, weighted gauge or dial gauge pressure method), process time, pressure (psi), date processed including month and year, name, and county/district. You may need to make a label using an adhesive mailing label. Label templates may be found at: http://www.kansas4h.org/events-activities/fairs/kansas-state-fair/docs/foods-and-nutrition/Foods_Label.pdf (labels available from extension office).

g. Hole punch the entry card and use a rubber band to attach the two sectional entry form around the top of the jar.

h. If a dried food product is not in a canning jar, it will be lowered one ribbon rating. Suggested amount: 1/3-1/2 cup, or three or four pieces per exhibit. All meat jerky must be heated to an internal temperature of 160 degrees F before or after drying. This is not the drying temperature! Dried products must include the recipe, preparation steps, and heating instructions. Jerky not heated to an internal temperature of 160 degrees F will be disqualified and not be judged. Heating information can be found in “Dry Meat Safely at Home” www.ksre.ksu.edu/bookstore/pubs/MF3173.pdf.

i. One jar per entry; no colored jars. No food preservation in food sale.

Department 20 Forestry
Enrollment: 1 jr. 1 award
Description: Learn to identify trees, determine differences between trees and shrubs, learn about different trees and tree parts, graft a bud to a living tree, discover health benefits of trees, investigate forest changes and learn about forest health and learn forest conservation techniques.
1. All general regulations apply.
2. 2-sectional entry card is required for each exhibit.
3. All leaf exhibits are to be mounted on 8½"x11" heavy stock paper and placed in loose-leaf binders (magnetic or adhesive filler sheets for photographic prints or sheet protectors are recommended), twig and fruit collections may be exhibited in whatever manner you choose Maximum tri fold size is 3'x4'. Resources for exhibiting are located on the Kansas 4-H forestry project page: https://www.kansas4-h.org/projects/agriculture-and-natural-resources/plant-sciences/forestry.html
4. Name, club, age, and year in the project should be on the front cover or in a prominent location.
5. Leaves should be identified with an appropriate label located near the leaf on the same page. These labels should include the proper common name as listed in the 4-H Bulletin 334 List of Native Kansas Forest Trees, https://www.bookstore.ksre.ksu.edu/pubs/4H334.pdf; location (city and/or county) where collected; and date (day, month, year) or (month, day, year) collected.
7. New specimens are those specimens collected during the current 4-H year and cannot be a duplicate tree species of previously displayed specimens.
8. Group specimens according to the years collected (ex: “old-previous years” and “new”).
9. Variations of varieties do not count as different species or specimens.

10. When replacing previously displayed samples, due to degradation, improper mounting, or incorrect identification, the specimen label must also be updated. Replacements do not count as new specimens; replacements should be displayed in the “old previous” section of the display.

11. If you retrieve information for your forestry exhibit, you must include a reference citation to the source.

12. In all leaf collections, exhibit one complete leaf where possible. If a leaf is too large, exhibit as much as possible. Sketch in reduced scale the entire leaf and illustrate where the exhibited portion is from. Note: A “leaflet” is incorrect when displayed as the complete leaf for the tree.

13. All work must show originality; leaf collections and displays should not closely resemble work done by others in the same club.

**Knowing Trees As Individuals (Leaf Collections)**

**Forestry Collection:** Choose either A or B

A. Exhibit a minimum of 10 different leaves from native Kansas trees collected within the year. The exhibit can include non-native leaves in addition to the required number of leaf specimens collected from native Kansas trees, or
B. Exhibit a minimum of 5 native Kansas trees showing leaf, twig, and fruit from each species collected.

**Class 1210J** by 7-12 yr old member  
**Class 1210S** by 13 and older member

**Forestry Collection:** Choose either A or B

A. Exhibit a minimum of 20 different leaves (including 10 new specimens) from native Kansas trees. The exhibit can include non-native in addition to the required number of leaf specimens collected from native Kansas trees, or
B. Exhibit a minimum of 10 native Kansas trees showing leaf, twig, and fruit from each species collected. This exhibit must include 5 new leaf, twig, and fruit specimens.

**Class 1211J** by 7-12 yr old member  
**Class 1211S** by 13 and older member

**Forestry Collection:** Choose either A or B

A. Exhibit a minimum of 30 different leaves (including 10 new specimens) from native Kansas trees. The exhibit can include non-native leaves in addition to the required number of leaf specimens collected from native KS trees or
B. Exhibit a minimum of 15 native trees showing leaf, twig, and fruit from each species collected. The exhibit must include 5 new leaf, twig, & fruit specimens.

**Class 1212J** by 7-12 yr old member  
**Class 1212S** by 13 and older member

**Forestry Collection:** Choose either A or B

A. Exhibit a minimum of 40 different leaves (including 20 new specimens) from native Kansas trees. The exhibit can include non-native leaves in addition to the required number of leaf specimens collected from native Kansas trees, or
B. Exhibit a minimum of 20 native Kansas trees showing leaf, twig, and fruit from each species collected. Exhibit must include 10 new leaf, twig, and fruit specimens.

**Class 1213J** by 7-12 yr old member  
**Class 1213S** by 13 and older member

**How a Tree Grows Notebook:** Entry may include a project notebook with 10 or more seeds collected with pictures showing a germination study or a mounting of a thin section of the wood cut from the end of a log or top of stump labeled with information such as kind of wood and age of tree when cut or exhibit an illustration of how trees grow.

**Growing & Protecting Trees Display/Notebook:** Entry requires a display or project notebook telling about project and pictures before, during, and after planting seedlings, a container tree, or a balled and burlapped tree.

**Class 1215J** by 7-12 yr old member  
**Class 1215S** by 13 and older member

**Tree Appreciation Notebook:** Entry may include a research or reporting notebook with no more than 10 pages based on the exhibitor’s selected tree. Exhibit must be a different species of tree each year. This notebook may include sketches, drawings, pictures, a story, or any other things which will help tell about the tree you have selected.

**Class 1216J** by 7-12 yr old member  
**Class 1216S** by 13 and older member

**How Forests Serve Us:** Entry may include collected wood samples (all or partial) and 2-page essay. Wood sample display to be mounted on poster board or any stiff material no larger than 3’wide x 4’ high. Essay should be displayed in a covered binder.

**Class 1217J** by 7-12 yr old member  
**Class 1217S** by 13 and older member

**Educational/Creative Exhibit:** Entry must be directly related to tree identification or Forestry. Type of exhibit is open (notebook, poster, collection box, etc); given a maximum size of 3’x4’. Care should be taken to use durable materials that will withstand county fair conditions. A good class to exhibit an unusual collection.

**Department 21 Geology**

**Enrollment:** 5 yrs  
**1 award**

**Description:** In this project, you will learn the difference between rocks and minerals, learn how to identify fossils, describe and identify rocks, understand stages of the rock
cycle, and use the scientific method to solve problems.

1. All general regulations apply.
2. 2-sectional entry card is required for each exhibit.
3. Exhibit box should be 18"x24"x3 ½". Plexiglas covers are required; boxes with glass covers will NOT be accepted. All specimens are to be arranged across the narrow (18") dimension of the exhibit box, making the exhibit 18" across the top and 24" deep exactly. If a box has a sliding Plexiglas cover, it must be removable from the top. Screws, locks, or other devices that would prevent judge from removing the cover should not be used. (For Lapidary classes, the dimensions of the box should be appropriate for the display, but should not exceed 18x24x3 ½).
4. Each exhibitor is required to identify each display box by placing an identification label bearing exhibitor’s name, county/district, and the number of specimens in the upper left-hand corner of the Plexiglas cover (inside-use clear double-sided tape to adhere gummed label), and by attaching a label with the same information on the lower right corner of the box (outside).
5. Exhibitor may enter in both geology and lapidary Classes. Exhibitor may show in only one of the first four geology classes, exhibitor may also show in geology class 1124 (special exhibit), Mineralogy, Fossils, and in one lapidary class.
6. Geology specimens should be labeled with the number of the specimen, date collected, specimen name or description, and locality (county) where collected.
7. For geology classes 1120-1123 specimens should be mounted in the box by proper groups: rocks, minerals, fossils. Fossils must be identified to the Phylum, Class, and Genus level. Genus name is to begin with a capital letter. Species name is all lower case. Genus and species names must either be italicized or underlined, not both. The words “phylum, class, genus” on labels are to be spelled out, not abbreviated. More than one specimen of the same kind of rock or mineral or species of a fossil may be exhibited if this duplication represents different geological formations. Specimen label must show this distinction (Fort Hays limestone, not just limestone; calcite from the Greenhorn Formation, not just calcite; Phylum: Brachiopoda Class: Articulata Genus: Composita from the Morrill Limestone Member, not just Phylum: Brachiopoda Class: Articulata Genus: Composita).
8. For all geology classes, all specimens must be collected by the participant (not purchased) from locations in KS, with the exception of Tri-State Mining Area specimens collected from these three adjacent counties: Ottawa County, OK; Newton and Jasper Counties, MO. Out-of-state specimens will not count in the minimum number for the class, nor will they be considered in the judging.

Geology display: at least 15 rocks, minerals and fossils collected during the current 4-H year; limited to one exhibit box.

Geology display: at least 30 rocks, minerals, and fossils, at least 5 of each; fifteen must be collected during the current 4-H year; limited to one exhibit box.

Geology display: at least 45 rocks, minerals, or fossils, at least 5 of each; fifteen must have been collected during the current 4-H year; exhibit limited to two boxes; identify the rocks as igneous, metamorphic, or sedimentary. These rock types must be spelled out on labels or have a legible key.

Geology Educational exhibit: Special exhibit relating to everyday living or to a mineral test, a rock formation, geological history, species of a fossil, forms of one mineral, a variation of one kind of rock, archaeological artifacts, or Indian artifacts. Digital formats are accepted; make arrangements for the judge to view your exhibit and have a hard copy for display. Exhibit limited to 4 feet of table space; care should be taken to use durable materials that will withstand fair conditions. Exhibitor may show in the class regardless of whether exhibitor has other geology class entries. Exhibitor may also exhibit in lapidary class.

Geology display: at least 60 rocks, minerals, or fossils, at least 5 of each; fifteen must have been collected during the current 4-H year; exhibit limited to two boxes; identify the rocks as igneous, metamorphic, or sedimentary. These rock types must be spelled out on labels or have a legible key.

Mineralogy display: A minimum of 15 mineral specimens collected in Kansas, at least 5 of which have been collected during the current 4-H year. Minerals are to be grouped by mineral class (ie: Carbonates, Oxides, Silicates) and at least 3 classes must be represented. Member must use one standard display box; specimens must be labeled with the number of the specimen, date collected, name of specimen, county where collected and chemical composition (ie: CaCO3 for calcite) if known.

Fossil display: A minimum of 15 fossil specimens collected by the participant in Kansas, at least 5 of which have been collected during the current 4-H year. The fossils are to be grouped by Phylum and Class, and at least 3 phyla must be represented (Brachiopoda, Chordata, Mollusca, etc.) Member must use one standard display box; specimens must be labeled with the number of the specimen; date collected; county.
where collected; formation, member, or source; phylum, class, and genus or part; and geologic age (Cretaceous, Permian, Pennsylvanian, etc.)

LAPIDARY
judging criteria: 10 points-accuracy of information, 30 points-presentation & showmanship, 60 points-workmanship & content.

All lapidary specimens should be labeled with the following information: specimen name, place of origin (country, state, or county; county required for Kansas specimens), purchased or self-collected, date lapidary treatment began, date lapidary treatment completed (treatment completed after the state fair is considered a new year specimen).

Lapidary exhibit boxes may be a standard size, 18"x 24"x 3½ " If appropriate, specimens should be arranged across the 18" dimensions of the exhibit box. All boxes must have a removable Plexiglas cover.

Lapidary display: At least 5 varieties of polished (tumbled) specimens and 5 varieties of unpolished specimens that have not yet received lapidary treatment. These do not have to be an example of “before and after”, nor do they have to be self-collected; locales must be identified.

Class 1228J by 7-12 yr old member
Class 1228S by 13 and older member

Lapidary display: Before and after examples of at least 3 varieties of specimens, at least 2 tumble-polished and 2 unpolished of each, there is no requirement that the 4-H’er collect any of these; locales must be identified. Lapidary work should be done during the current 4-H year.

Class 1229J by 7-12 yr old member
Class 1229S by 13 and older member

Lapidary display: Before and after examples of at least 6 varieties of specimens, at least 2 tumble-polished and 2 unpolished of each, at least 2 varieties should be collected from the native site by the 4-H’er, at least one of which comes from Kansas; locales must be identified. Lapidary work on at least three varieties should be done during the current 4-H year.

Class 1230J by 7-12 yr old member
Class 1230S by 13 and older member

Lapidary display: Before and after examples of at least 9 varieties of specimens, at least 2 tumble-polished and 2 unpolished of each, at least 3 varieties should be collected from the native site by the 4-H’er, at least two of which comes from Kansas; locales must be identified. Lapidary work on at least three varieties should be done during the current 4-H year.

Class 1231J by 7-12 yr old member
Class 1231S by 13 and older member

Lapidary exhibit: At least 6 specimens that have not previously been exhibited, which have received lapidary treatment. Lapidary treatment may consist of polishing, and end, face, or flat lapping. Specimens must represent at least 3 different varieties and include at least three cabochons of any size or shape, only one of which may be free-formed. A cabochon is a style of cutting in which the top of the stone forms a domed or curved convex surface. Three of the specimens must be mounted into jewelry findings.

Design (formerly Plant Science)
Enrollment: 9 jr, 6 sr 1 jr award & 1 sr award
1. All general regulations apply.
2. 2-sectional entry card is required for each exhibit.
3. Members enrolled in this project may exhibit three (3) entries per class completed in current 4-H yr.
4. See page 11: poster, display & notebook criteria.
Description: Learn when, where, and what to plant; learn the difference between cool and warm season vegetables; learn plant parts and how they are used; learn how to use basic garden tools; study seed varieties and starting seeds indoors; study preventative pest controls; learn about specialty harvests and selling your produce; study plant pollinations; study food industry careers; and learn about biotechnology.

1. All horticultural exhibits must be grown by the exhibitor.
2. Exhibiting Fruits & Vegetables - KSU C405 will be used as a guideline in preparing horticulture exhibits. It is available at: http://www.ksre.ksu.edu/bookstore/pubs/c405.pdf.
3. Secure entry form to disposable plate or container with string or tape; use a sturdy disposable plate, bowl, or container that will support the weight of the produce.
4. A purple ribbon out-of-season vegetable or fruit (i.e. early peas) at the county fair is eligible to be substituted with another vegetable (i.e. pumpkin) at the state fair.
5. Quality and condition of the exhibit will be considered, choose vegetables for an exhibit that will hold up well during the fair; avoid over-ripe or over-mature specimens. Those that are slightly under-ripe or slightly immature when picked may last longer.

Garden Display: Each exhibitor is limited to four square feet of space. Display must be exhibited in a tray, basket, or container that can be easily moved by the fair staff. The exhibit consists of five (5) different fresh vegetables or fruits; canned products and shelled vegetables are not acceptable. Only one variety of each type of vegetable or fruit may be exhibited. Numbers of the five vegetables or fruits to be exhibited are as follows: Large Vegetable (one each), Medium Vegetable (five each) & if small vegetables, such as green beans, are used as one of the five different vegetables, (1 dozen) is suggested for a good display, Small fruits (one half-pint box), Tree fruits (5 each), Grapes (2 bunches).

Department 24 Interior Design & Architecture (formerly Home Environment)
Enrollment: 1 jr, 1 sr 1 award
Description: This project gives you the opportunity to examine your environment, both inside and outside of the home. Decorating a room, refreshing your porch, landscaping an area of your yard, refurbishing a family heirloom or even creating something brand new are all examples of ways to incorporate the design process in your living environment. Learning and experimenting with the elements of design (color, line, value, space, shape, form and texture) in all areas of a room or space or furniture piece are all part of this project. Being a designer (architect, furniture, landscape or interior designer, etc.) is not only about how a space looks but also how it feels. The end goal is to create a space that feels inclusive, functional, and inviting to all. The home environment project will give you the opportunity to design, create and implement what you’ve learned by creating a notebook, project board or item.
1. All general regulations apply.
2. 2-sectional entry card is required for each exhibit.
3. Members enrolled in this project may exhibit three (3) entries per class completed in the current 4-H yr.
4. See page 11: poster, display & notebook criteria.
5. Articles need not be new but, shall be carefully laundered or cleaned before being exhibited.
6. A summary including plans, explanation of how the items were made or refinished, and how it fits into the color and design of the room. The summary could also include project inspiration, challenges, who helped you, include project inspiration, challenges, who helped you, and any other information that could be helpful to the judge. A summary should be in a plastic protective sleeve and attached to the exhibit.
7. Projects with missing or insufficient summary will be lowered one ribbon placing.
8. Exhibits should be of high quality (as compared to quick, simple crafts), suitable for use in the home several months throughout the year. Holiday-specific items are discouraged.

Single exhibit: An article (furniture, fixtures, interior or exterior, etc.) made by the 4-Her for the home. Must include an attached summary.

Class 1276J by 7-12 yr old member
Class 1276S by 13 and older member

Notebook: May include floor plans, swatches, colors, stories, photographs, & project records that detail what was accomplished this year with a given indication of long-term plans. Notebooks should also include project inspiration, challenges, who helped you, and any other information that could be helpful to the judge. An additional summary is not required for Notebook exhibits.

2. 2-sectional entry card is required for each exhibit.
3. Members enrolled in this project may exhibit three (3) entries per class completed in current 4-H yr.
4. All photos must be no larger than 8"x10" and no smaller than 7"x9", after trimming.
5. Photos are to be mounted across the narrow (11") dimension of 11"x12½" photo matte.
6. Photos must be mounted with the top edge of the print 1" below the top of the mount; the sides of the print must be equal distance from the two sides of the mount.
7. A full coverage permanent mount (spray adhesive recommended or heat mount) must be made (matte and spray adhesive available at the extension office).

**Photo matte MUST BE VERTICAL** (see diagram); use photo adhesive to mount photo.

8. No lettering, including dates, is permitted on the front of the mount or on the photo, no underlays or borders may be used.
9. To protect exhibits from dust and moisture, place in a self-sealing, clear plastic bag (available at ext. office).
10. Improperly mounted photos, oversize or undersized photos, or photos with the white borders not removed or lettering (including dates) on the photo, will be awarded a ribbon one placing lower than the placing determined by the official judge (see diagram for correct placement).
11. Photographs taken with a digital camera and having no more adjustments than exposure, color intensity or correction, one-click filter effects, red-eye removal, cropping, dodging, and burning should be entered in the standard color or black and white classes. HDR photos are to be entered in the standard photo class.
12. Black and white class is for black and white prints only. Monochromatic prints, including sepia prints, are considered color photos and must be entered in the appropriate color photo class.
13. Appropriate photo subject matter: Photographic subject matter is expected to follow 4-H standards, for a sense of prohibited subject matter, review the Kansas 4-H member Code of Conduct; in general, if it is not allowable at a 4-H event, it is not allowable in a 4-H photograph.
14. Photos with live subject(s) on a railroad right of way or taken from railroad right of way property will not be displayed and will be disqualified and not judged.

My Favorite 4-H Photography Display
This new class is only for those photography project members with 10 or more years of experience. This class is a non-judged mounted display consisting of four favorite photos from the member’s photography career in 4-H. All photos and a fifth biography/description with details of why they are regarded as most significant will be mounted on white or cream studio matte board. This class is an extra way to showcase the development and accomplishments of the 4-H member’s photography career.

Portfolio Classes
Growth Portfolio: Member is eligible for this class beginning with the third year of enrollment in the photography project. The exhibit will consist of one photo from each year of enrollment. Each photo must have been created in a different year and must be labeled with the year taken/project enrollment year. A maximum of 5 photos may be included if the member has 5 or more years of enrollment. Photos are not required to be in consecutive order. Photos must be 8”x10” and may be color or black and white and must be unmounted. An information sheet must accompany each photo giving the brand and model of camera used to create the photo. The settings for focal length, aperture, mode, and shutter speed must also be listed. Skillset used to create the photo must be given and explained. The main goal for each year should be listed. Beginning with photo 2, member description of GROWTH in project skill must be included on the information sheet. The exhibit will consist of photos arranged in chronological order of enrollment, information sheet on each photo, and all information listed above. A portfolio book will be required to exhibit.

Career Portfolio: Member must have been enrolled in the photography for 5 or more years OR must be age 15-19 and have been enrolled in photography for at least 2 years. The exhibit will consist of ten 8x10 photos showing skill development in one of the following photography areas: Portraiture, Special Effects (not done with computer), Landscape, Photojournalism, Black & White, Nature/Wildlife or Graphic Design (computer skills with photos). Photos may have been created over multiple project years. Photos may be color except if the black and white option is chosen and must be unmounted. An information sheet must accompany each photo giving the brand and model of camera used to create the photo. The settings for focal length, aperture, mode, and shutter speed must also be listed. A one-page summary should accompany the portfolio listing the goal for pursuing this area of photography and what skills were learned while doing so. Mentors should be acknowledged. Career exploration can also be described. The exhibit will be presented in a notebook designed for a portfolio review with pages for the required information listed above.

Enrollment: 1 jr  1 award

1. 2-sectional entry card is required for each exhibit
2. Members enrolled in this project may exhibit three (3) entries per class completed in current 4-H yr.
3. See page 11: poster, display & notebook criteria

Description: The Kansas 4-H Robotics program is designed to allow 4-H members to explore robotics through robots of various designs.

1. 4-H members must be currently enrolled in Kansas 4-H Robotics project to exhibit in this division.
2. Exhibit must have been constructed and/or completed during the current 4-H year.
3. Each robot must be free-standing, without the need for additional support in order to be moved or exhibited. Each exhibit must include a robot, information packets are not a sufficient exhibit.
4. Robots must have automated articulated structures (arms, wheels, grippers, etc.). Game consoles that display on a screen are not considered robots and should either be entered in computer science system division or energy management projects. Robots requiring no assembly, just programming, such as Ozobots, are considered computer system projects as the skill is focused on the programming, not on the construction of the robot.
5. Robot dimensions should not exceed 2 feet high by 2 feet wide by 2 feet deep. Weight may not exceed 15 pounds. If displayed in a case (not required or encouraged for the state fair, but strongly encouraged for county fairs) the outside case dimensions may not be more than 26 inches in height, width, or depth.
6. Materials including but not limited to obstacles, spare batteries, and mats for testing the robot may be placed in a separate container, which is not included in the robot’s dimensions, that container may not be larger than 576 cubic inches as measured along the outside of the container. (Examples: 4”X4”X36” or 4”X8”X18” or 6”X6”X16”) The container, if used, and/or any large objects (such as mats or obstacles) should be labeled with the exhibitor’s name(s) and county or district as they will be stored separately from the exhibit.
7. All electric components of the robot must be adequately covered or concealed with a protective enclosure. Paper is NOT considered an adequate enclosure or covering for electrical components.
8. Robots may be powered by an electrical, battery, water, air, or solar source only. Junk drawer robots may be powered by a non-traditional power source. Robots powered by fossil fuels/flammable liquids will be disqualified. Robots that include weaponry of any kind will be disqualified. Weaponry is defined as any instrument, possession, or creation, physical and/or electrical that could be used to inflict damage and/or harm to individuals, animal life, and/or property.
9. Remote-controlled robots are allowed under certain conditions provided that the robot is not drivable. Robots programmed on phones/tablets need to have a specific program created, using motion controls to move the robot is not acceptable, for example “press forward on the screen to make the robot go forward.” Robotic arms (hydraulic or electric) are allowed. A remote is allowed provided more than a single action happens when a single button is pressed on the remote, for example, “a motor spins for 3 seconds, at which point an actuator is triggered, then the motor spins for 3 more seconds.” Remote-controlled cars, boats, planes, and/or action figures, etc. are not allowed.
10. Each robot must be in working condition. The judge will operate each robot to evaluate its workmanship and its ability to complete its intended task. In the event the robot uses a phone, tablet, or similar device for programming AND control of the robot, a video will be used to evaluate the working condition of the robot. It should follow the instructions provided for operation so that the judge can follow along with the provided instructions. For county fairs, where consultation judging is used the video requirement should be waived in favor of actual operation of the robot.
11. Each exhibitor is required to complete the “4-H STEM Robotics Exhibit Information Form” which is available through your local K-State Research and Extension office or at www.STEM4KS.com. This form must be attached to the outside of a 10” x 13” manila envelope. All revisions of forms previously released for the STEM division dated prior to current year are void for use and new forms must be obtained and used that are dated by the State 4-H Office for the current year. Use of old forms should result in the loss of one ribbon placing for exhibits.
12. The exhibit must include written instructions for operation (the instructions should be written as if they were to tell a grandparent or elderly person how to operate the robot), construction plans, a video, and one to five pages of project photographs. For robots that can be programmed, robot programming information must be included, this information should be placed inside the 10” x 13” manila envelope mentioned above. Robot programming information can be, but is not limited to, source code, block diagrams, screen captures of the coding window and other images that show the programming logic used. The exhibitor may enter their electronic project listed under the energy management program if the exhibitor so chooses.
13. In the event that the robot uses a device like a phone, iPad, or tablet for programming AND operation, DO NOT include the device (phone, tablet, etc.). The device’s safety cannot be insured. Instead, record a video demonstrating the instructions included for your robot. It should show, setting up the robot, starting the robot, the robot executing its task, and powering off the
14. Creativity, workmanship, and functionality will be strong criteria in judging the “Robot designed by Exhibitor” classes. All robots should have a purpose or intended function, examples include, but are not limited to: following a line, sweeping the floor, solving a Rubix cube, sorting colors, or climbing stairs.

15. Exhibitor’s name(s) and county or district must be tagged or labeled on the robot such as on the bottom of the robot, exhibit cards are not an acceptable form of labeling.

16. There are no county or district boundaries that must be adhered to in order to form a Kansas 4-H Robotics team. However, each team member must be currently enrolled in the Kansas 4-H Robotics project.

Robot designed and constructed by 2 or more 4-H STEM project members. The robot must not be a mere modification of an existing robot kit or plan. The robot may be a programmable type that is made from a commercial (purchased) kit. This division is designed to encourage team work and cooperation among fellow 4-H STEM members. As with many high tech projects today, no one person designs and builds a robot alone. It takes the brainstorming, planning, problem-solving, and cooperation of an entire team to complete a given robotics project.

1. All general regulations apply.
2. 2-sectional entry card is required for each exhibit.
3. Members enrolled in the project may exhibit three (3) entries per class relating to current year project work.
4. See page 11: poster, display & notebook criteria.
5. If there is a class available in another department, it is to be exhibited there before choosing to exhibit in the self-determined project. Entries in this department must be a planned part of a project experience that does not fall under any other project area.

Department 32  Shooting Sports
Enrollment: 8 jr, 7 sr  1 jr award & 1 sr award
Description: The Shooting Sports project helps youth thrive and develop life skills while teaching shooting safety, care, and safety of shooting sports equipment, hunting practices, and provides an opportunity to test your skills. The fair classes are designed to provide an opportunity for youth to educate others about what they have learned through the project or to promote the benefits of participation.
1. All general regulations apply.
2. 2-sectional entry card is required for each exhibit.
3. Members enrolled in this project may exhibit three (3) entries per class completed in current 4-H yr.
4. See page 11: poster, display & notebook criteria, plus posters must be flat. Notebooks – no larger than 8 ½ x11.
5. Exhibitors must comply with state and federal laws, no “live” ammunition containing propellant or explosive powders may be used in any display. An inert substitution must be used in lieu of powder and “live” ammunition. The substitution must be clearly described on the back of the poster, display, or in a notebook.
6. Name, county or district, age, and year in the project should be on the front of the poster, display, or notebook.
7. Exhibits will not be accepted if they are related to reloads.
8. Educational Displays will be judged on the following points: Stopping Power, Interest, Holding Power, 4-H Project application, Mechanical Power, Personal Growth, Educational Value.
9. Posters will be judged on the following points: Stopping Power, Interest, Holding Power, 4-H Project application, Mechanical Power.

Note: State Fair has educational displays, promotional posters, experiential displays, and notebooks only.

Department 33 Small Engines
(formerly Energy Management)
Enrollment: 1 jr, 1 sr 1 award
Description: Through Small Engines, you will have the opportunity to educate others about what youth have learned through the project or to promote the benefits of participation in those project areas.
1. All general regulations apply.
2. 2-sectional entry card is required for each exhibit.
3. Members enrolled in this project may exhibit three (3) entries per class completed in current 4-H yr.
4. See page 11: poster, display & notebook criteria.
5. Items that have been in use should be cleaned for exhibit.
6. A sheet of operating instructions must be furnished for any exhibit not self-explanatory.

All exhibits should involve engines smaller than 20 horsepower. Engine should contain no fuel in the tank or carburetor. Displays are limited to 4’ wide and 4’ deep- both upright and floor displays.
Display: Exhibit a display, selecting one of the following options: 1) a display identifying different engine or lawn and garden equipment parts or a display showing the function of the various engine or lawn and garden equipment parts; or 2) a display identifying and explaining the function of different special tools needed for small engine work; or 3) a display illustrating and providing the results of any one of experiments that are included in the project books. No complete engines, lawn tractors, tillers, chainsaws are permitted for display. The maximum tri-fold size is 3’x 4’.
Class 1351J by 7-12 yr old member
Class 1351S by 13 and older member

Maintenance: Exhibit a display that illustrates either 1) Routine maintenance procedures or 2) Diagnosing and troubleshooting specific problems in an engine. No complete engines, lawn tractors, tillers, chainsaws are permitted for display, using a maximum tri-fold size of 3’x 4’.
Class 1352J by 7-12 yr old member
Class 1352S by 13 and older member

Operation: Exhibit an operable small engine (should be no more than 20 horsepower) overhauled or rebuilt by the member. Include a maintenance schedule for the engine and a brief description of steps taken by the member overhauling or rebuilding the engine. Maximum tri-fold size is 3’x 4’. The engine should contain no fuel in the tank or carburetor.

Department 34 Uncrewed Aerial Systems (formerly STEM)
Enrollment: 0
1. All general regulations apply.
2. 2-sectional entry card is required for each exhibit.
3. Members enrolled in this project may exhibit three (3) entries per class completed in current 4-H yr.
4. See page 11: poster, display & notebook criteria.

Description: The 4-H uncrewed aerial system or UAS project explores the world from above the trees and discovers new frontiers with UASs. UASs are commonly known as Unmanned Aerial Vehicles (UAVs) or drones. Members explore the uses and applications of unmanned aerial systems including how UASs link to other projects such as geology, robotics, electronics, crop science, and many more.
1. The 4-H members must be currently enrolled in the 4-H project to exhibit in this division.
2. Exhibits must have been completed during the current 4-H year.
3. The information that accompanies the UAS must be limited to the 4-H Uncrewed Aerial System Exhibit Information Form which is affixed to a 10” x 13” envelope. This envelope should NOT be attached to the UAS. This may be downloaded from www.STEM4KS.com. Any UAS exhibit not including this completed envelope will receive an automatic participation ribbon. All revisions of all forms previously released for the division either undated or dated prior to current year are void for use and new forms must be obtained and used that are dated by the State 4-H Office for the current year.
4. Each exhibit MUST include a video of the youth operating their UAS. This allows judges to get a better understanding of the exhibit and allows the youth the opportunity to fully
demonstrate their exhibit. The video should be no longer than 8 minutes and should be placed on a USB drive or micro/SD card or, if desired, uploaded to YouTube as an unlisted video and a link to that video included in a file titled “VideoLink” or printed on a separate sheet of paper. Adult guardians must complete the Video Release included with the exhibit form.
5. Exhibitor’s name, county or district, age, and year(s) in the project must be tagged or labeled in a prominent location on the exhibit.
6. Uncrewed Aerial System that includes or depicts weaponry of any kind will be disqualified.
7. For scratch built UAS kits, if modifications are made to the exhibit a page should be attached noting those modifications.
8. If a safety violation is noted by the judge, superintendent, or other staff, the exhibitor’s exhibit, at the judge’s discretion, will receive a participation ribbon.
9. For practical application entries, the UAS is not required to be displayed as part of the exhibit, only the supporting material.
10. The same UAS may be used by multiple exhibitors for different practical application entries.

Exhibitors 7 through 13 years old

Uncrewed Aerial System designed and constructed by exhibitor that is operated by a remote-controlled device. The UAS must not be a mere modification of an existing kit or plan. You may not exhibit a UAS that is purchased off the shelf in this class.

Department 35 Veterinary Science
Enrollment: 5 jr, 1 sr 1 award
Description: The purpose of the 4-H Veterinary Science project is to provide a way for young people who care for animals and may want to follow a career in veterinary medicine to explore the topic. In this project, members will learn about animal health, behavior, and visit with veterinarians. 4-H member in the Veterinary Science project may develop an exhibit to demonstrate the knowledge and skills learned about a common health problem in animals, a veterinary science principle or public health/zoonotic diseases.
1. All general regulations apply.
2. 2-sectional entry card is required for each exhibit.
3. Members enrolled in this project may exhibit three (3) entries per class completed in the current 4-H yr.
4. See page 11: poster, display & notebook criteria.
5. Name, county or district, age, and year in project should be in a prominent location on the front of the exhibit.
6. A Veterinary Science exhibit may consist of a poster, notebook, or project display. The exhibit may represent material from any of the Veterinary Science projects including entry-level exhibits from Unit I.
7. If photographs are to be part of the exhibit, remember that they will be viewed by the public. Make sure that the photographs are in good taste and will not be offensive to anyone. Graphic photographs of excessive bleeding, trauma, or painful procedures are not appropriate. For exhibits related to veterinary surgical procedures, aseptic techniques need to be shown, for example, the use of drapes, use of sterile procedures, wearing of gloves, and other appropriate veterinary medical practices.
8. First-Aid Kits: Because of public safety concerns and the risk of theft of first-aid kit contents (veterinary drugs/equipment) with perceived potential for drug abuse, animal first-aid kits containing any drugs or medications will be immediately disqualified and not displayed. First Aid kits wishing to include medication information should instead utilize written descriptions, photographs, drawings, computer-generated print-outs, or empty packaging of pharmaceuticals.
9. Veterinary Science Posters - This exhibit presents the viewer with a design that is simple and direct, unlike a display that usually presents more information. A poster should not exceed 22” x 30” and may be either vertical or horizontal.
10. Veterinary Science Displays - A display may include but is not limited to a 3-dimensional exhibit, a scale model, the actual product (for example: skeleton; teeth; samples of leather, fur, or dried skin damaged by disease or parasites)
or a notebook. A display is not a poster. A display may be mounted on poster board not to exceed 22" x 28" or on 1/4" plywood or equivalent that does not exceed 24" high or 32" wide or in a three-ring binder or another bound notebook format.

11. Veterinary Science Notebooks: Individual entries are to be placed for display in a three-ring notebook for competition. Notebooks may not be larger than 8 1/2’ x 11’.

12. Appropriate topics include: Maintaining Health
Specific disease information, Photographic display of normal and abnormal characteristics, Animal health or safety, Public health or safety, Proper animal management to ensure food safety and quality, Efficient and safe livestock working facilities, A topic of the exhibitor’s choosing related to veterinary medicine or veterinary science.

13. Because these are science displays, all references and information must be properly cited. Proper sources include but are not limited to: Professional journals and publications, professional AVMA accredited websites, interviews with veterinarians, and excerpts from Veterinary Educational Literature. Plagiarism will result in a disqualification. Please study your topic and present the information to your audience in your own words.

Notebook (Contents pertain to some phase, results, story, or information about the veterinary science project).

Educational Poster (must be related to something learned in the veterinary science project) (posterboard or foamboard no larger than 22" x 28").

Educational Display (must be directly related to the veterinary project).

Department 36 Visual Arts

Enrollment: 16 jr, 8 sr 1 jr award & 1 sr award

Visual Arts Phases: fine arts, clay & ceramics, leather & jewelry, three-dimensional, general crafts

NOTE: Judge needs to rank top two purples in each phase.

Description: The visual arts project teaches artistic skills and the elements and principles of design. 4-H members explore techniques, study art history, culture, and discover their talents. Be creative; draw, paint and work with different mediums.

1. All general regulations apply.
2. 2-sectional entry card is required for each exhibit.
3. Members enrolled in this project may exhibit eight (8) entries per class completed in the current project year in each area enrolled.
4. See page 11: poster, display & notebook criteria.

5. Exhibits must be made during the current project year.
6. All exhibits which need to be hung MUST have the appropriate saw-tooth hanger, rod, wire, or other mechanism attached in order to be properly displayed, entries not in compliance will be lowered 1 ribbon placing (no string or tape).
7. Special consideration is given to items that are of original design, attach a note explaining the original design.
8. Each county may submit one entry from each of the five categories (Fine Arts, Clay and Ceramics, Leather, and Jewelry, Three-Dimensional, and General Crafts) for the state fair for a total of five entries per county. If a county doesn’t have an entry for one of the classes, they may submit a second entry in one of the other classes to meet the quota of five entries per county.
9. Articles exhibited must be an original design created by the exhibitor. See copyright guidelines in the general rules section of the Fair Book (page 9).
10. All visual arts exhibits are evaluated using a visual arts rubric, which takes into account the correct use of design elements, craftsmanship, and creativity.
11. Large art items will not be accepted. Exhibits must be of manageable size and be easily transported and displayed by one person.
12. Multi-piece items should be marked accordingly.
13. No plants or plant materials needing watering can be entered as an art display or item.
14. All entries are entered at the exhibitor’s own risk.

FINE ARTS: Oil, chalk, charcoal, dyes, pastels, pencil, ink, acrylic, or watercolor on canvas, canvas board, paper, wood, metal, or textiles, framed as a picture, prepared for hanging. Stretched canvas art on a wooden frame is considered prepared for hanging provided that frame has a hanger.

Department 37 Wildlife (Sports Fishing)
Enrollment: 5jr 1 award
Description: This project is for all youth, whether living in the city, the country, or in between. Wildlife are an important part of our state heritage and environment, ranging from buffalo to birds to fish to deer and more. In this project you will learn about wildlife behavior, habitat requirements, how wildlife species fit into nature’s scheme, how they are managed, and how they relate to humans.
1. All general regulations apply.
2. 2-sectional entry card is required for each exhibit.
3. Members enrolled in this project may exhibit three (3) entries per class completed in the current 4-H yr.
4. See page 11: poster, display & notebook criteria.
5. Exhibitor must comply with state and federal laws, it is illegal to possess threatened or endangered wildlife, or the feathers, nests, or eggs of non-game birds. Game birds and game animals taken legally during an open season may be used. The use of live wild animals in educational exhibits is prohibited.
6. Name, county or district, age, and year in project should be in a prominent location on the exhibit.

Experiential/Other Classes:
Fish Harvesting Equipment Board exhibit. Display of equipment used in fish harvesting. Examples: fishing knots, hooks (with corks over ends for safety), and lures. Label all items displayed. Include in your exhibit the following information: the purpose of each item, and when or where each item is used.
Class 1421J by 7-12 yr old member
Class 1421S by 13 and older member

Build a Fishing Rod. A fishing rod educational exhibit may not exceed 96 inches in length. Exhibit must be mounted on a board. Include with the exhibit: Explanation of the cost of materials/components and how many number of hours required for construction. Label all parts. Necessary components that must be included are grip, line guides (based on manufacturers specifications), guide wraps, and hook keeper. Reel seat needs to be aligned with guides, and guides aligned accurately down the rod. Guide wraps of size A to D, nylon or silk thread. Exhibit will be judged on: workmanship, labeling of parts, information, and neatness.
Class 1422J by 7-12 yr old member
Class 1422S by 13 and older member

Casting Target. Make a casting target for exhibit and use. Target must be under 48” x 48”. The bullseyes must be 2 feet, outer band must be 1 foot in diameter and can have up to 3 rings. The exhibit must be easy to store, durable, and weather-resistant. Include the purpose and rules of using your casting target.
Class 1423J by 7-12 yr old member
Class 1423S by 13 and older member

Wildlife Harvesting Equipment Board Exhibit. Display of equipment used in harvesting wildlife. Examples: expended ammunition casings (no live ammunition permitted), steel traps, hide stretchers, fleshers, etc. For displays of shotguns, rifles, or bows, use drawings or pictures. Label all items displayed: the purpose of each item, when or where it is used, and personal experiences with the item.

Class 1426J by 7-12 yr old member
Class 1426S by 13 and older member

Taxidermy. Any legal fish, bird, or other wild animal properly processed by the member. No requirement as to mounting. Include the animal's name and the following: information about the exhibitor's personal field experiences, study, or observations that relate to the exhibit.
Class 1427J by 7-12 yr old member
Class 1427S by 13 and older member

Wildlife Tracks. Board or diorama-type box exhibit. Make a display of animal tracks using plaster-of-paris casts. There are...
3 options. For all options, include a brief description of your experiences in making the tracks so the judges better understand what you did and learned. Positive casts (impressions as they would be in nature) are preferred. - Option 1 should show plaster-of-paris tracks of five or more kinds of wildlife along with a picture or illustration of each kind of animal. (OR) - Option 2 should show two or more plaster-of-paris tracks of one specific kind of wildlife and should include a picture or illustration of the animal, what the animal may eat, and what may eat the animal. (OR) - Option 3 should show two tracks and include the animal’s habitat needs including preferred food, shelter, water, and space in addition to picture or illustration of the animal.

Department 38 Woodworking
Enrollment: 7 jr, 3 sr 1 jr award & 1 sr award
Description: The Wood Science project allows youth to exhibit a wide variety of items they made working with wood, using tools. Learn to create and read plans to build projects for the farm, shop, household or other areas.

1. All general regulations apply.
2. A 2-section card is required for each exhibit.
3. Members enrolled in the project may enter (3) entries per class completed in the current 4-H yr.
4. See page 11: poster, display & notebook criteria.
5. The plan from which it was constructed must be with the article exhibited. The plan may be a photocopy, the actual pattern, or a scale drawing. It must be complete and accurate to the extent that a duplicate article could be built using the plan as a guide. Please note: a set of step-by-step instructions is not a plan.
6. Projects with missing or insufficient plans will be lowered one ribbon placing (i.e. a blue ribbon exhibit will receive a red ribbon).
7. The use of materials other than wood should be kept to a minimum.
8. Projects that have unsecured glass, i.e., glass shelves, glass top of a coffee table, etc., should not be brought to the fair. Glass that is secured in the project, i.e., the glass front of a gun case or cabinet, etc., is permissible since it cannot be easily removed.
9. The entry card, plans, and all other paperwork should be enclosed in a zip-top plastic bag with a hole punched through it and tied or otherwise secured to the project in some manner. Tape is usually not adequate to accomplish this.
10. Refinished/ repaired furniture should be exhibited in a Home Environment class.
11. Projects made from pre-cut kits are not allowed.
12. In judging woodwork articles, consideration will be given to Workmanship, including accuracy to the plan; Design; Choice of wood; Suitability and quality of finish; and Usefulness.
13. Firearms and weapons are not to be entered or exhibited at the fair.
