

# Livestock County Fair Management Clinic

*April 13, 2026 – ZOOM Meeting (Session 1)  
 April 16, 2026 – ZOOM Meeting (Session 2)*

Since 2008, this clinic has been designed for county fair board members, Extension agents and volunteers involved in local livestock fair management and leadership. This virtual educational opportunity consists of a forum for open communication for individuals working with livestock at their local fairs. K-State faculty, staff, fair board members, and extension agents will facilitate discussion directly related to livestock activity at local county fairs in Kansas. The program is geared towards the input and participation of county fair board members, superintendents, and extension agents. **The clinic has been divided over two evenings via Zoom, with different topics being covered each night. The sessions will be recorded so those who are not able to attend may watch at their convenience.**
