STATE FAIR STATIC (INDOOR) PROJECT ENTRY

Each county fair's 4-H division allows qualification for the Kansas State Fair in accordance with the expectations outlined in the Kansas 4-H State Fair Book.

- Youth must be 9 years old by January 1 of the current year to be eligible for the State Fair.
- To qualify for the State Fair, static exhibits must have earned a purple ribbon at the county fair level. A purple ribbon does not include county fair grand or reserve grand or class champion awards/trophies/rosettes.
- There may be additional exhibit requirements from what you presented at the county-level in order to exhibit at the state fair, and some county-level projects are not eligible to go to state.
- Read the Kansas State Fair 4-H Fair Book for project classes and requirements. Projects WILL be disqualified if requirements are not met! Find the Kansas 4-H State Fair Book at www.kansas4-h.org/educational-experiences/fair-resources/kansas-state-fair/.
- Post Rock District staff will complete the entry process as outlined by Kansas 4-H, using the information submitted by qualifying members. **Your project will ONLY be entered in the state fair if you meet your county's deadline and commit to state fair entry. Call your Extension Office ASAP so you don't miss any deadlines!**

PROJECT TRANSPORTATION TO STATE FAIR - DUE BY AUGUST 28

Post Rock District staff will coordinate transportation of non-animal exhibits to-and-from the Kansas State Fair for 4-H exhibition. Exhibits will ONLY be transported by extension staff if they can easily be moved by one person, if they can fit within an extension vehicle, and if they can be safely transported with many other items. 4-H members can transport their own items, including those that are too large, heavy or fragile.

- **Exhibits (except fresh-baked foods, fresh-picked vegetables, and fresh-picked flowers) need to be dropped off at your Extension Office BEFORE August 28 at close of business.** This will allow staff to confirm your project has all needed paperwork and exhibition permission forms with signatures before the holiday weekend.
- Freshly baked/picked foods, vegetables, and flowers that will be entered as exhibits can be brought to the office at 8:00 a.m. on Wednesday, September 3. Don't be late or your project may get left behind!
- Bring exhibits to the office ready to be safely transported in a vehicle with many other items. Old towels/blankets and boxes/totes that fit your project's size are very helpful. Make sure everything is marked with your name so you get them back after fair.

ACHIEVEMENT PINS AND RECORD BOOKS ARE DUE OCTOBER 1!

4-H Member Achievement Pins: Achievement pins are designed to recognize 4-H members as they reach milestones throughout their 4-H journey. The pins are awarded in a series. As a member's 4-H journey progresses, the achievement pin requirements expand to challenge individuals to explore and engage in more opportunities to develop life skills. Contact your local Extension Office if you are not sure what pin to apply for!

- Download Achievement Pin applications at <https://www.kansas4-h.org/resources/awards-and-recognition/>.

Permanent Record: Every 4-H member should complete the 4-H permanent record. This is an ongoing record of your involvement and it is required to be eligible for many awards. It can be a really helpful tool when applying for scholarships and a great summary of your 4-H and non-4-H journey!

- Download the Permanent Record at <https://www.kansas4-h.org/resources/awards-and-recognition/LocalRecordKeeping.html>.

Project Record: It is recommended that each 4-H member complete a Project Record Report for one (1) project you focused on during 2023-2024 4-H program year. You can complete more project records if you'd like, yet focusing on at least one gives you the opportunity to build important life skills related to records and reporting.

- Download the Project Record for your age division at <https://www.kansas4-h.org/resources/awards-and-recognition/LocalRecordKeeping.html>.

ZBooks: Zbooks is an online record keeping software. Record keeping and project reporting are valuable skills taught to members of the Kansas 4-H program. Using Zbooks, you'll be able to summarize project experiences on the Kansas 4-H Project Report Form and in your Permanent Record.
