BEEF AND SHEEP K-STATE JUNIOR PRODUCER DAYS

Register by February 23

The K-State Junior Producer Days focus on beef and sheep in even years and swine and meat goat in odd years. These are one-day, educational events for families to learn about the selection and management of youth livestock projects. Both events will be hosted at the new Bilbrey Family Event Center. This is a family event!

- Junior Beef Producer Day – Saturday, March 7, 2026
- Junior Sheep Producer Day – Saturday, April 11, 2026

Registration is now open on the [Junior Producer Days](#) page of KSU Youth Livestock Program website, which is under the events tab. Cost information and a schedule are also available online. All attendees must register, which includes both youth and adults.

Registration for the junior day events has transitioned to a new platform. Families will be prompted to set up a profile under a parent/guardian and then add at least one child. Once the account is created and you login to register for each day, you will have the opportunity to add children and other adults. The platform is not linear, so if you follow the prompts to the end and have multiple kids or adults to register, you will have to click on the “child” or “additional adult” tab on the left to view the options to add those individuals. Once you checkout, you will be able to view the number of kids and adults registered. A photo release and liability waiver will also be requested for each person through the platform. Families will receive a confirmation email to the address used to set up the profile after the registration is submitted. Families who plan to attend both junior days will need to register through each unique link, separately. A confirmation email for each event will be issued once payment is processed.

LIVESTOCK TAGGING AND ANIMAL WEIGH-INS

Each county hosts a beef weigh-in and a small animal weigh-in. The dates will be shared on your county's newsletter page. Attending the weigh-in is required to participate in the rate-of-gain contest at your county fair. It is HIGHLY RECOMMENDED to bring your animal to the beef and small animal weigh-in events because attending can assure you are understanding of and ready to meet all exhibition requirements (so you won't be disqualified at fair); you can connect with other adults and youth in the project for support, encouragement, and assistance throughout the year; and you can get many of your questions answered.

Post Rock District will not sell Kansas 4-H EID tags over-the-counter at our Extension Offices. The state requires our staff to approve all State Nominations for livestock, and part of that approval process is confirming that we have physically seen each Kansas 4-H EID tag in your livestock animal's ear at tagging time (photos and over-the-counter sales do not qualify). Plan to attend your county's tagging and verification event (i.e. weigh-in) for beef, swine, sheep and goats. Call the Extension Office ASAP if you know you'll have a conflict and need an animal verified with an EID tag for State shows.

KANSAS 4-H DAIRY SHOW SURVEY DUE FEBRUARY 1

To help Kansas 4-H gauge potential participation and make plans for this year's event, we would greatly appreciate each family taking a brief moment to complete the [short online survey](#) by February 1. If you have any questions or need further assistance, contact Kevin Snell at kpsnell@ksu.edu.

KANSAS 4-H CAMP REGISTRATION OPEN

Sign-up for Kansas 4-H 2026 Summer Camp is open! Kansas 4-H camp sessions are posted at www.rockspringsranch4hcamp.org. 4-H and non-4-H youth are welcome to register to enjoy 4-H camp! Each family will register directly with Rock Springs Ranch through the website. Before you register, contact your local Extension Office and your club leader. There may be club or county-level event scholarships available.

TEEN-LED PROJECT LEARNING

Teens are challenged to plan and implement learning experiences to help others gain knowledge and skills in project areas. Taking the step to plan and implement project workshops and meetings can help teens reach upper-level achievement pin requirements, work toward earning your key award, build a stronger comprehensive project experience for record book recognition, complete the district's ambassador expectations, explore the leadership project, and, most importantly, give back to younger members by providing your mentorship and passion to help others. If you are interested in leading a project workshop or meeting in the spring or summer, contact your local Extension Office so we can help you promote and support your effort!

YQCA SCHOLARSHIP APPLICATIONS DUE FEBRUARY 15 FOR YOUTH WITH ANIMAL SCIENCE EXPERIENCE
