## BEEF WEIGH-IN

February 21, 2026 (note corrected date)  
10:00 - 11:00 a.m. | SC Vet Clinic

We're sorry for listing the incorrect date last month. Saturday, February 21, appropriately aligns with the weekend we've done a weigh-in in years past. All beef must be weighed-in to be part of the Smith County Fair 4-H rate-of-gain contest. While the contest is optional, it is **HIGHLY RECOMMENDED** for youth showing market beef because it provides a great livestock industry learning experience.

## SMALL ANIMAL WEIGH-IN AND EID TAGGING VERIFICATION

Small Animal Weigh-in will be April 26, 2026 in the afternoon. This is also a great opportunity to have your EID Tagging Verified for ALL species you're working on nominating for the Grand Drive and Junior Livestock Show.

## 4-H DAY

**Smith Center: Monday, March 2**  
**Beloit: Saturday, February 14**

Make plans to participate in a District 4-H Day by entering a public presentation contest (project talk, illustrated talk, demonstration, public service announcement, etc.). You can present individually or with a group. Work on your presentation now, and share it with your club at a meeting for practice!

You can also enter to share a talent like music, dramatics, and dance; however, if you enter a talent, you are also strongly encouraged to enter a 4-H public presentation. It's a great opportunity to share about your project work while also gaining confidence as a communicator.

## VOLUNTEERS NEEDED AT 4-H DAY

## AGRICULTURAL AMBASSADORS PROGRAM APPLY BY JANUARY 15

The Northwest Kansas 4-H Agricultural Ambassador Program is a premier leadership opportunity for youth ages 13 to 18 (current 8th-grade through Senior in high school) who are passionate about agriculture and are willing to complete a one-year term. Participation/membership in 4-H is not required. The program focuses on: connecting youth with their local agricultural industries; exploring the richness and diversity of Kansas opportunities; developing ag advocacy skills and fostering educational mindsets; and increasing access to career and post-secondary experiences within the agriscience world. This includes leading educational experiences for youth and attending ag events, such as the Kansas Youth Ag Experience trip.

Youth interested in being a part of the ambassador program must complete an application, submit a leadership resume, a cover letter, three letters of reference, and complete a virtual interview if selected as a finalist. Applications and supporting documents are due by January 15<sup>th</sup> and may be submitted to your local Extension Office. Kansas 4-H and K-State Admissions are partnering to help youth and their families confidently navigate the college journey. Sessions will also focus on "beginning with the end in mind," equipping youth with tools to prepare for life after college, create personalized plans, and take ownership of their future. In addition, open office hours will provide families with direct access to experts for questions and guidance, ensuring every student feels prepared and empowered for success. These sessions will be targeted at 4-H parents of juniors and seniors in high school; 4-H members are also encouraged to attend. Sessions will not be recorded to maintain the privacy and confidentiality of participants. Registration information will be emailed directly to families via 4-H Online. ## NCK LEAD

FEBRUARY 28 AT CLOUD COUNTY CC

Post Rock District and River Valley District are teaming up with Cloud County Community College to offer a drive-in personal development experience for teens. NCK LEAD will take place on Saturday, February 28 at CCCC in Concordia. Participants will engage with collegiate professionals to gain information to assist with making post-high school decisions. We are excited that the 2026 experience will include NEW hands-on workshops exploring careers through CCCC's Technical Education and Innovation Center. There will also be opportunities for teens to boost their leadership skills and have fun with 4-H friends from the region. Not only is it a great leadership and career development experience - it provides youth with a regional-level activity for your achievement pins and project records! Watch for online registration to open in January. When you register, select the hands-on sessions you'd be interested in participating in.

## TEEN-LED PROJECT LEARNING

Teens are challenged to plan and implement learning experiences to help others gain knowledge and skills in project areas. Taking the step to plan and implement project workshops and meetings can help teens reach upper-level achievement pin requirements, work toward earning your key award, build a stronger comprehensive project experience for record book recognition, complete the district's ambassador expectations, explore the leadership project, and, most importantly, give back to younger members by providing your mentorship and passion to help others. If you are interested in leading a project workshop or meeting in the spring or summer, contact your local Extension Office so we can help you promote and support your effort!

## LIVESTOCK TAGGING AND ANIMAL WEIGH-INS

Each county hosts a beef weigh-in and a small animal weigh-in. The dates will be shared on your county's newsletter page. Attending the weigh-in is required to participate in the rate-of-gain contest at your county fair. It is **HIGHLY RECOMMENDED** to bring your animal to the beef and small animal weigh-in events because attending can assure you are understanding of and ready to meet all exhibition requirements (so you won't be disqualified at fair); you can connect with other adults and youth in the project for support, encouragement, and assistance throughout the year; and you can get many of your questions answered.

Post Rock District will not sell Kansas 4-H EID tags over-the-counter at our Extension Offices. The state requires our staff to approve all State Nominations for livestock, and part of that approval process is confirming that we have physically seen each Kansas 4-H EID tag in your livestock animal's ear at tagging time (photos and over-the-counter sales do not qualify). Plan to attend your county's tagging and verification event (i.e. weigh-in) for beef, swine, sheep and goats. Call the Extension Office ASAP if you know you'll have a conflict and need an animal verified with an EID tag for State shows.

## 2026 K-STATE JUNIOR PRODUCER DAYS: BEEF AND SHEEP

The K-State Junior Producer Days focus on beef and sheep in even years and swine and meat goat in odd years. These are one-day, educational events for families to learn about the selection and management of youth livestock projects. Both events will be hosted at the new Bilbrey Family Event Center. This is a family event!

- Junior Beef Producer Day – Saturday, March 7, 2026
- Junior Sheep Producer Day – Saturday, April 11, 2026

Registration is now open on the [Junior Producer Days page](#) of KSU Youth Livestock Program website, which is under the events tab. Cost information and a schedule are also available online. All attendees must register, which includes both youth and adults.

Registration for the junior day events has transitioned to a new platform. Families will be prompted to set up a profile under a parent/guardian and then add at least one child. Once the account is created and you login to register for each day, you will have the opportunity to add children and other adults. The platform is not linear, so if you follow the prompts to the end and have multiple kids or adults to register, you will have to click on the "child" or "additional adult" tab on the left to view the options to add those individuals. Once you checkout, you will be able to view the number of kids and adults registered. A photo release and liability waiver will also be requested for each person through the platform. Families will receive a confirmation email to the address used to set up the profile after the registration is submitted. Families who plan to attend both junior days will need to register through each unique link, separately. A confirmation email for each event will be issued once payment is processed.
