WELCOME BAILI!
Baili Kerth has joined the Post Rock District Team as a 4-H Program Coordinator! Baili is serving all of Post Rock District to enhance our positive youth development experiences through Kansas 4-H and K-State Research and Extension! Her home office is in Lincoln. Baili shares what excites her about her new role, "I am excited for the opportunity to work with youth involved in 4-H. There are so many opportunities out there for these kids and I am looking forward to being involved in their journey."

ADVENTURE AWAITS WITH OUR INTERNS!
Post Rock District is thrilled to host four interns this summer! The interns are serving Post Rock District through the Kansas 4-H summer engagement program. The program is in collaboration with the state’s Department of Education and it is an effort to support youth with direct educational experiences during the summer months. The program will leverage the rich curriculum basis available through the Kansas 4-H and Cooperative Extension system. They'll be coming to a community near you with Adventure Labs, Day Camps, and more!

Kathryn Borobia, Hillsdale College, majoring in English and Math.
Kaitlyn Elder, Northwestern Oklahoma State University, majoring in Agriculture Education.
Elaine Cockroft, Kansas State University, majoring in Animal Science.
Rachelle Anderson, Kansas State University, majoring in Animal Science.
KIDS IN THE KITCHEN DAY CAMP
Kids in the Kitchen is a two-day summer day camp filled with fun and learning sure to increase your confidence related to living a healthy and active lifestyle. Youth will engage in interactive activities to boost their skills in food preparation, nutrition and healthy lifestyle choices, and goal setting. Camp will meet from 9:00 a.m. to 3:30 p.m. each day. It is open to all youth (4-H membership not required). Find full details and registration on the Post Rock District Day Camps webpage.

MOMENTUM! LEADERSHIP DAY CAMP
Momentum! is a day camp filled with fun and learning sure to boost your confidence as a leader in your community. You have what it takes to make a positive difference, and Post Rock District’s Momentum! Leadership Day Camp is a great opportunity to level up your leadership potential. The day camp will take place on June 15 from 9:00 a.m. to 3:30 p.m. Youth entering grades 6-8 in the fall are welcome. 4-H membership is not required. Find full details and registration on the Post Rock District Day Camps webpage. Register by June 9.

SPACE DISCOVERY DAY CAMP
Space Discovery Day Camp will be filled with fun that is out of this world! Curious youth will blast off into hands-on learning by teaming up to build and test rockets, explore the solar system, and more. We're excited to have Kansas 4-H STEM volunteer, Tony Foster, assisting with the program. The day camp is June 22 in Lincoln. Day camp is open to all youth entering grades 2-5 in the fall. 4-H membership is not required. Find full details and registration on the Post Rock District Day Camps webpage. Register by June 16.

TERRARIUM WORKSHOP
Plant enthusiasts are invited to the Terrarium Workshop on June 30 in Beloit. Horticulture Agent, Cassie Homan, will boost your plant growing skills by helping you explore the science, culture and creativity related to terrariums. You'll create your very own terrarium to take home! Register by June 17. Find complete details at postrock.ksu.edu.
SHOWMANSHIP CLINIC

There will be a showmanship clinic in Norton on Saturday, June 11. Youth involved in the beef, sheep, goat, and swine projects are welcome to attend this interactive educational experience hosted by the Twin Creeks Extension District. Participants are encouraged to bring your own livestock to practice skills. There will be two sessions, morning and afternoon, allowing youth to engage in learning for multiple species. Early registration closes at midnight on June 1 at https://tinyurl.com/23exbnz9. Follow the Facebook event for complete details.

EXPLORE ENGINEERING DAY CAMPS

The Explore Engineering Day Camp will challenge youth to think about how and why things work. Through energizing activities, participants will have fun solving questions today's top scientists and engineers explore. Youth will practice hands-on STEM skills to help grow confidence in problem solving and to learn to collaborate with others. Kansas 4-H STEM volunteer, Tony Foster, will be assisting with the program. The day camp is June 29 in Mankato. Day camp is open to all youth entering grades 6 and up in the fall. 4-H membership is not required. Find full details and registration on the Post Rock District Day Camps webpage. COUNTY FAIR INFORMATION
County fair planning is underway. Please check your emails regularly, and don't hesitate to reach out if you have a question! As 4-H resources become available for your county fair, we'll be posting them to the Post Rock District website > 4-H > Events > County Fairs.

VOLUNTEER AT A NEIGHBORING COUNTY FAIR
Volunteering to assist at a county fair in Post Rock District other than your own could be a great learning and leadership experience! This opportunity is in addition to the expectations at your local county fair and would be eligible to count toward project record work and achievement pins. Contact your local Extension Office if interested!

STATE FAIR ANIMAL EXHIBITION
If you want to exhibit animal species at the Kansas State Fair through 4-H it is important to start planning ahead. Every animal division of the Kansas State Fair has specific requirements. If you are interested in showing please reach out to your local office now to make sure you meet all expectations. More details are in the Kansas State Fair Book.

STATE LIVESTOCK NOMINATIONS
New for 2022, all Kansas Youth Livestock Nominations for the Kansas State Fair Grand Drive and Kansas Junior Livestock Show will take place through an online system. Previously used forms and processes will not be accepted. You must order your own DNA envelopes in advance (Post Rock District will not order these). You will pay your nomination fee directly through the online system. You must be YQCA certified before nomination. You will complete all nomination data online and are responsible for mailing required components at your own expense. A nomination does not constitute a fair entry. Visit the K-State Youth Livestock Program website for details.

- June 8: Last Day to Order Small Livestock DNA Envelopes for Nominations
- June 15: Commercial Heifer, Swine, Sheep, & Meat Goat Nominations Due

AVIAN INFLUENZA SYMPTOMS
HPAI in Kansas: HPAI has been confirmed in our region as well as in wild waterfowl which are migrating across the state. Poultry owners can find out symptoms to watch for at www.agriculture.ks.gov/AvianInfluenza.
ACHIEVEMENT PINS
Achievement pins recognize 4-H members as they reach milestones throughout their 4-H journey. The pins are awarded in a series. As a member’s 4-H journey progresses, the achievement pin requirements expand to challenge individuals to explore and engage in more opportunities to develop life skills. Members need to engage in face-to-face, hybrid, virtual, and distance learning opportunities in order to meet the requirements of the respective award. You can attach a supplemental document sharing two (2) ways you adapted, adjusted or substituted an experience in order to remain active, as a portion of the year was once again impacted by the covid pandemic. Permanent record, project record, and club meeting requirements cannot be waived with a substitute activity. You can find the pin applications on the Kansas 4-H website for Member Achievement Pins. If you need help identifying an opportunity that will help you reach your desired award requirements, please contact your local extension office.

CLUB SEALS
The 4-H club seal award is a district-wide recognition opportunity for the Post Rock District’s 4-H Youth Development Program. A club seal is awarded to a Post Rock District 4-H community club at the conclusion of each participation year when the requirements for a seal are met. To earn a club seal this year, a club should complete the district-level requirements. This year, clubs can attach a supplemental document explaining adaptations, adjustments, or activity substitutions made to remain an active club while following current public health protocols, as a portion of the year was once again impacted by the covid pandemic. This will be taken into consideration by the review committees during evaluation. Find more details at the Post Rock District 4-H’s Awards and Recognition website.

PROJECT RECORD BOOKS
Record Keeping and Project Reporting are valuable skills taught to members of the Kansas 4-H program. To help you through this process, refer to the Guide to Kansas 4-H Project Recognition. The state-level record books (Kansas 4-H Project Record Reports and Permanent Records) are the ONLY version available for project recognition as all previous versions have been discontinued. Kansas 4-H has printable forms, pdf editable forms, and a new online platform called ZBooks. If you want to improve your success with the Kansas 4-H Project Records, reach out to set up an appointment with our Post Rock District Team. We are happy to help!
UNDERSTANDING ANIMAL RATE OF GAIN

Are you participating in an animal rate of gain contest at your county fair? Average daily gain will be affected by breed, genetics, sex of the animal, environmental temperature, as well as the knowledge and overall management practices of the exhibitor. On average, cattle gain 2-3.5 pounds per day throughout the different phases of growth. Swine will gain 1-2 pounds on average every day. Sheep will gain 0.7-1 pound per day. Goats should gain 0.3-0.5 pounds each day. An adequate amount of a properly formulated diet is important to develop the genetic potential of your animal and maximize rate of gain.

How do you calculate an animal's rate of gain? Take the animal's current body weight minus their starting weight and then divide by the number of days.

For example:
- Pig Spring Weigh-in: 100 pounds
- Weigh-in at Fair: 265 pounds
- Number of Days between weights: 95 days

\[
\text{Rate of Gain} = \frac{265 - 100}{95} = 1.74 \text{ pounds per day}
\]

If you want to learn more about livestock, contact Blaire Todd, Livestock Production Agent, blairet@ksu.edu.
