

POST ROCK DISTRICT 4-H

CLUB PRESENTATION OPTIONS

Looking for an engaging learning experience for your 4-H club? Post Rock District Extension Staff are available to present on a variety of topics tailored to your club's learning goals! From team building and leadership to project education and hands-on activities, we're excited to support your 4-H members and be part of their learning journey.

We are also happy to assist with brainstorming opportunities for your club members to learn from successful community members, business owners, 4-H alumni and general supporters. This could be tours, project-type meetings or other great educational opportunities.

Please allow 3 weeks or more for scheduling and preparation - the more heads up, the better! To request a presentation or for help brainstorming a local presenter, contact 4-H Youth Development Agent, Jenilee Godsey, at jenileem@ksu.edu.

Let's make your next 4-H club meeting an opportunity to learn, grow, and have fun!
