The K-State Garden Hour is a free webinar series hosted by K-State Extension horticulture staff across the state. We hope you'll join us on the first Wednesday of each month as we discuss new and relevant gardening topics. The presentations will be given live from Noon to 1:00 pm CST with a 45-minute presentation and 10-15 minutes for questions and answers. Sessions will be recorded and posted to the website after each event. Your one-time registration will allow you to participate live in any of the featured presentations within the 2026 K-State Garden Hour series.
