Dear Applicators:

It is the time of year for many of you to think about attending training to renew your license. The Pesticide Safety and IPM trainings will be held in a virtual format this year, which will be delivered via zoom. A list of approved trainings can be found at: https://portal.kda.ks.gov/PAF/PafTraining/TrainingEventList. It is important to remember this only lists the trainings that have been turned in by training sponsors, so there might be others not listed right now.

I have posted all of the flyers with the registration information on the Pesticide Safety and IPM website at: https://www.ksre.k-state.edu/pesticides-ipm/commercial-applicator.html.

If you are on Facebook, you might want to like the Pesticide Safety and IPM page as I am posting information about trainings on this page: https://www.facebook.com/KSRE-Pesticide-Safety-and-Integrated-Pest-Management-Program-109039044075447/
