

Old World Bluestem Informational Meeting

January 16, 2019

1:00-2:30 pm

Guaranty State Bank Meeting Room
201 S. Mill St., Beloit, KS

Topic:

Control of Old World Bluestem

- Old world bluestems (Yellow and Caucasian bluestems) are introduced grasses that are becoming invasive in many parts of Kansas. These grasses can crowd out desirable native grasses and reduce the grazing value of a pasture. Learn about:
 - Identification, Characteristics, & Concerns

Speakers:

- **Dr. Walter Fick**
KSU Range Management Professor
- **James Ungerer**
NRCS Rangeland Management Specialist

Sponsored By:

Mitchell County
Conservation District
