**General Session Speakers**

John Newton - Chief Economist, U.S. Senate Ag Committee

Dr. John Newton serves as Chief Economist for the U.S. Senate Committee on Agriculture, Nutrition & Forestry for Ranking Member John Boozman. As Chief Economist, Newton is responsible for advising the Ranking Member on the economic implications of policy proposals to the agricultural, nutrition, and forestry sectors. Newton has served agriculture in a number of capacities including with USDA as an agricultural economist and as an award-winning faculty member at the University of Illinois. Most recently, Dr. Newton served as the Chief Economist for the American Farm Bureau Federation. While at Farm Bureau, Newton was a lead developer of Dairy Revenue Protection. In 2021, Newton received the distinguished alumni award from The Ohio State University. Newton is a Kentucky native and holds two Master’s degrees and a Ph.D. from The Ohio State University. Newton, his wife, and their daughter live in Washington, DC.

Richard Linton - President, Kansas State University

Dr. Richard H. Linton serves as the 15th president of Kansas State University. He holds a bachelor’s degree in biology, a master’s degree in food science and a doctorate in food science, all from Virginia Tech University. Before coming to K-State in February 2022, Linton served as dean of the College of Agriculture and Life Sciences at North Carolina State University from 2012-2022, as department chair of food science and technology at The Ohio State University from 2011-2012, and as a faculty member of the department of food science at Purdue University from 1994-2011. While at Purdue, Linton also served as the founder and director of the Center for Food Safety Engineering and as the associate director of agricultural research programs. President Linton and his wife, Sally, an ADHD/executive function life coach, have two children: a daughter, Lily, and a son, Chris.

**Parking:**

Parking is available in the parking garage, or in other lots. Permits are required to park on the K-State campus from 7 am to 5 pm Monday to Friday. Limited parking is available at the Alumni Center with a tag from the Center. A parking permit is included in the registration fee. Permits will be available 10–12 on Tuesday, August 16 at the Alumni Center driveway and the entrance to the parking lot west of the Old Stadium or at the registration table during the conference. You MUST obtain your conference parking permit before parking your vehicle on campus, unless you park in the parking garage, in which case, a validation permit can be obtained at the registration table.

Manhattan, KS 66506-4026

Today Terry and Aggie continue to farm but at a slower pace. Terry continues to serve on the First National Bank Board of Directors and served over 30 years on the local Co-op board. Heath has taken over much of the management and day-to-day labor of their fieldwork and cattle operation. He serves on the Hamilton County Fair Board and the Kansas Farm Management Association. Michele works in town as the owner and editor of the Syracuse Journal, a weekly newspaper, serves on the City Council and Economic Development board. She also helps Mia get from 4-H project meetings to piano lessons to her sheep project and to basketball games.

Terry and Aggie Boy | Heath and Michele Boy
Kansas Producer

Gordon and Lois Boy began farming in Hamilton County in the mid-1940s. Of their four children, Terry returned to Hamilton County with his wife Aggie and focused on farming. They had two children, Nichole and Heath. After graduating SHS, Heath completed his degree at K-State in agricultural economics with a minor in animal science, then returned to the farm, little knowing that his wife-to-be would be leaving New York City to choose a different way of life. Michele had worked in television news and was tired of city life. She traveled around, stopping in Syracuse, where she met Heath. They married in 2005 and their daughter Mia was born in 2011.

John Newton, his wife, and their daughter live in Washington, DC.
