Agriculture is all around us in northcentral Kansas! Wheat is growing in the fields and soon corn and soybeans along with grain sorghum will be planted. Let's focus on the corn crop and how it is important to us!!!
DID YOU KNOW?

There are more than 4,200 different uses for corn products.

1 bushel of corn will sweeten more than 400 cans of Coca-Cola!

Some corn can grow over 10 feet high!

1 ton of paper uses 28 pounds of cornstarch.

An ear of corn averages 800 kernels in 16 rows.

100 bushel of corn produces approximately 7,280,000 kernels.

One pound of corn consists of approximately 1,300 kernels.

1 acre of corn removes 8 tons of harmful greenhouse gases (more than produced by your car annually.)
